Thread: [\[CLOSED\] >>> THE PYRAMID PROFIT SYSTEM V2.0 <<< \[100+ SATISFIED BUYERS\]\[NEW\]](#)

Yous - December 28, 2015, 2:00 pm

It's back! My Hackforums Best Seller With Over 100+ Sales and Thousands of Dollars Made.

I went back to the drawing board and rewrote the entire thing from scratch. Not a single sentence in this V2.0 was in the original.

(Keeping with the theme of the original thread there will be no fancy thread design)

The Secret - It's simple. Create a system that truly and honestly is 100% autopilot and hands free. Working relatively hard for a brief period of time and then leaving it on autopilot. I still use this system today! Actually it's more of me just logging in once per week to withdraw the earnings. I intend to teach you how to do exactly that and the exact steps I used.

Be warned you do have to work, but the money seems really great for the amount of effort you put in. The support is also really really generous, all throughout the e-book he offers help time and time again through his skype. Honestly, after the initial effort, the method is 100% autopilot.

10/10 Do not hesitate to buy, the sooner you start, the better.

(Dec 10, 2014 05:32 AM)TheyCallMeNeon Wrote: [\[CITE\]](#) I recently purchased this ebook and to be quite frank, it blew my mind. It honestly has opened my mind up to new opportunities that I can sense will help me out in the future. I'm in the process of setting up this method now and to be honest I can see it earning me upwards of \$500+ in my first week on autopilot. Huge vouch for Yous and his HQ method.

(Nov 25, 2014 08:40 AM)Television Wrote: [\[CITE\]](#) Here is my honest review.

Grammar/Quality: The book is very easy to understand, there will be no issues reading this at all.

Ability to use: It truly does not require any funds to be given or invested in. You can start this with NO MONEY! May take some time to start it up and get the ball rolling, but once you do, the money to be made will be insane without a doubt.

Originality: This is the first book I have seen of this caliber, have not seen others like this one here.

Overall(9/10): I love the idea of this book and it is a really nice method. Once you get going with this book there will be no disappointments at all. Don't spend 1 hour and give up! Keep at it, and you'll make loads!

This might be the only legitimate eBook I've ever purchased. I wasted \$14 on Cyrus's eBook but for even less, I got more. I recommend commenting on all of Yous's threads if you are a cheapskate like me.

(Nov 22, 2014 07:50 PM)H3God Wrote: [\[CITE\]](#) Op sent me a vouch copy of this ebook and my honest review of this ebook is i'd give it a 9/10

I've never heard of this method before. It may take some time at 1st to set up but afterwards you can make some really nice earnings doing absolutely nothing. The method is very simple.

(Dec 11, 2014 09:14 PM)Bonjour Wrote: [\[CITE\]](#) I'd like to thank Yous for this e-book. I contacted Yous by reviewing some of his free marketing methods of making money.

I contacted him via skype and he directed me to this link, and oh man I do not regret buying this e-book.

I will give this ebook a 10/10. Also I want to tell you guys, THERE IS NO EASY WAY OF MAKING MONEY. Hard work equals more money.

Vouch for this e-book. Thank you Yous! You are a great person.

9/10 - Although I was familiar with the base of method, OP describes it in a whole new way in which I didn't try it out. I will be using this method to make some bucks from it right away. Purchase it now guys! Thanks OP ?

(Nov 23, 2014 08:12 AM)?oronto Wrote: [\[CITE\]](#) I've received a vouch copy of this eBook and I must say OP did an outstanding job writing this. The method used in this book is a fairly uncommon method that I've only ed into a few times browsing the internet, he explains step by step how to succeed using the system. One of the many great things about the eBook is that ANYONE can profit if they follow the instructions properly, this eBook provides you with all the resourced and techniques needed to succeed, including live personal/group support.

9/10

(Nov 26, 2014 01:27 PM)???? ??????????I ???? Wrote: [\[CITE\]](#) I've got a Vouch Copy from Yous.

Here's my honest Review:

Grammar: 10/10

I didn't find any mistakes, probably because I don't care about it, because if you can read it without problems the grammar shouldn't matter.

Layout: 9/10

Nice Layout which makes it easier to read it.

Originality: 10/10

I've read more than 300 eBooks and I have not seen this once.

Easy of use: 9/10

It is pretty easy, at the beginning you have to work a bit, but later this whole method can be autopilot later.

Overall: 9.5/10

This method is actually unique and can't be saturated in my opinion. This method WILL make you cash if you take action, if you don't take action no eBook will make you money.

Regards ?

The best part is that the method is easy to use, and OP offers support if you are having trouble. Dont hesitate to grab a copy of this Ebook and start making some money!

Overall Rating: 8/10.

(Nov 24, 2014 01:44 PM)Shike Wrote: [\[CITE\]](#) Hello friends :blackhat:
I was given a copy of this e-book for review.
Here's my 100% honest review:

As far as set-up goes:

There definitely is some effort to be put in before you can start profiting big time.
It's not hard at all though, just requires you to try a bit,
and it may take a little bit of time. Pretty much everyone on HF
should be able to complete set-up if the effort is there.

As far as grammar and comprehension of this e-book goes:

On the first read through i completely understand how the
method works, what goes into it, and i didn't have to re-read anything.
The idea is so simple, but it has potential to be so effective at the same time.

It is indeed 100% whitehat.

As far as saturation goes:

The niche, as stated in the original post, is growing extremely fast.
Personally, i can see minor saturation possibilities in the semi-near future (4+ months) but honestly
it'd take years for this to get completely saturated,
if it's even possible for it to get saturated.

So, to sum up this review:

I can say i've seen one method that involves the same idea, but it was nowhere
near the potential of this one.

It'll take some time to get going, but once it gets going, it gets going.

The probability of you making your money back if you follow each step and
put in the necessary effort is near 100%.

Honest to God, as i started reading and understanding what this method was about, i was like damn this is legit.

Overall rating: 89/100

TL;DR

Legit method with tons of potential.

All it requires is putting in the effort.

I highly doubt you will be disappointed in the purchase of this ebook.

I'm about to go get started on it myself.

(Oct 1, 2015 03:08 PM)DeadOne1 Wrote: [\[CITE\]](#) Thank you Yous for the copy and here is my review!

Grammar: 10/10

No spelling mistakes as far as i can see, and the method is well written and detailed.

Layout: 8/10

An amazing layout, which also benefits you to understand the method more clearly.

Originality: 10/10

I haven't seen any ebooks with this method, the method is actually really clever.

Easy of use: 9/10

Takes a bit of time to set up, but really clear and simple instructions (even a 11 year old could understand).

Overall: 9.5/10

I would highly recommend this ebook, i am telling you right now that this ebook will make you money, and it will make you a lot of \$

(Nov 24, 2014 02:20 PM)SuperFrench Wrote: [\[CITE\]](#) Got a vouch copy from OP and this ebook will definitely work! FreeAnneFrank - December 29, 2015, 1:51 am

Did you keep me in mind bro? LMK if you need another vouch :D

Imperishable - December 29, 2015, 7:35 am

Well here is my honest review about the ebook:

Firstly, I don't get flattered easily but this ebook has definitely impressed me. Now about the method- the method's root is based on good old affiliate marketing (which doesn't work for most people). But the way author has explained the techniques, I am sure no one can get wrong with it. I am saying this with years of online marketing experience. Every line is so true that made me a fan of

him.

You need to put in some effort. Without that no sustainable income can be achieved. Hardwork and smartwork are the key to success. Overall a must buy for every aspiring online money maker.

@OP: Nice link trick/trap at the end. I liked it ;)

Thank you for your vouched copy ? Here is my rating:

Grammar: 10/10

Your grammar was excellent. There were no punctuation or spelling mistakes, and it was clearly written.

Layout: 9/10

Great layout, everything seemed in order, and everything was on a good scale.

Originality: 10/10

This method seems very uncommon. I don't think I've ever seen one like it before.

Easy of use: 8.5/10

Overall, it took me a bit of time to get operable, but it was worth it. It's not that hard either.

Overall: 9/10

It is pretty clear that you will make money with this ebook, and I definitely recommend it to other users who want the real deal.

The biggest pros for me was that this method is unsaturated, and is easy to follow. Great work brotha ?
