Why is it when you go to VIP>Uber it shows as Hack Forums / HF L33T Forums / HF Ub3r Area Area. I think HF L33T Forums should be changed to HF VIP Forums.

What are you talking about?

The badge says 'L33t', the default user title is 'L33t'. VIP is used so new members know what it is.

It should be changed since it's not only a L33T forum.

So yeah. It was just something that doesn't need to be changed.
