I'm going to tell you this. What your doing is equal to that of the king of Sparta and walking into a war against Persia. You are putting yourself in danger to show us the threat. You may be dumb, but you have earned my respect.

Inveno - December 31, 2015, 1:24 pm

This is childish from you now. I won't reply again after this, I just want to make clear that "Thinkbox", isn't my multi; I have no reason for a multi.

You're a disgrace of a member, polluting the Marketplace Discussions section with useless community alerts that have nothing to do with the marketplace.

You thrive off the attention you get when you open these and it's pathetic. You're an LQ member

who takes light comments as a threat.

You also make false accusations, such as "scammer", or "multi".

Wrongfully accusing somebody of being a multi-account is taken very seriously.

In reality, you are the multi, hence Roger Water's rep on you.

You should write newspaper headlines, your exaggeration on this was insane, attention whore.

Get a grip and grow up, please.

Then why are the pms i recieved from him in the same format exactly of the ones you sent me on skype

also then why is there a pastebin with my dox on it under his signature?

(also the same format you sent me after you doxed me)

I've stayed out of this, but honestly dude what the fuck is wrong with you

You have some fucking balls to come here and do this shit to some random person over what?

"Ruining your business" Get the fuck out of here dude

You're just as low as anybody you're fucking with. You have right to dox someone like that and post it anywhere public. Even if that's not your multi, you fucking gave it to someone else. OVER WHAT? Over warning a community that YOU DID SOMETHING WRONG? You're fucking pathetic.

This shit is not something you use to threat someone with, you're putting this kid and his entire family's life at risk doing this dumb shit. You might not have any intentions of doxing him, but you dont know the fuck is gonna read this and decide he deserves it without reading the whole story.

You're a piece of fucking shit and that's all you'll ever be. /rant

have a nice day ?

Just because he's using the same format doesn't mean it's the same person. Heck I could fake his writing format if I wanted to.

inveno messaged me my dox threatening me

and the same exact format i was messaged by thinkbox on hf

you can fake the exact spacing and information regardless of the fact the information was disclosed
i blocked/sensored it all

Young Donald - December 31, 2015, 1:38 pm

Thinkbox is obviously involved in this somehow.

If he is not Inveno's multi, he is certainly a friend.

I saw his posts, he was acting like he was taunting you with the dox as well. Making references to your personal facebook account as well.

You shouldn't have closed it before.

I negative repped him to stop him from continuously posting.

Antediluvian - December 31, 2015, 1:39 pm

update inveno/thinkbox removed the pastebin of my dox from the signature

but people already seen that he did it.

if staff member sees this if they can pm me i can provide an ample amount of onsite evidence. i just do not wish to directly bother omni.

edit: <https://i.imgur.com/aUIKkGh.png>

lol thats a fucking lie he called me a whiteknight in the dox

let me just add that the dox he pmd me matches the same exact format info and spacing on the one on skype

covering his tracks when hes already self incriminated himself

They don't even have the same writing style. Compare their posts.

Is that cancer hereditary or was it obtained through the division of cells in your ass to replace the ones killed by your mother's regular anal affairs with you?
