B?STILLE - December 31, 2015, 7:54 pm

I'll take a vouch copy.

HMU. Will write lengthy review.

Goldbach - January 1, 2016, 12:20 am

Contacted everyone about this, vouch copies still available!

I have received a vouch copy and here is my honest review of the eBook.

Quality: 7/10

I would say the quality in the eBook was very good.

Grammar: 10/10

I didn't notice any Grammar mistakes however I am not the best with grammar myself it is very legible.

Originality: 10/10

I have never heard of this method ever. This is a very "underground" type method.

Content: 5/10

There is not much content. You need to have General Knowledge in the field of what this type of method uses and for me I would have to look up the keywords since i'm completely blind to some of the words. This comes down to knowing a little bit about something in the eBook. (Trying not to give anything away)

Overall: 8/10

It's a good eBook, and I recommend it to anyone who is a Beginner that wants to make RSGP on the side.

Thanks to OP for giving me a Vouch copy as I surely enjoyed doing a Review for you.

Throw me a vouch copy? This is interesting.

Mr. Noir - January 2, 2016, 2:45 pm

Received a vouch and I can honestly say this is a method that is not public and one that should be able to make a good amount of RSGP for anyone. There weren't any grammar mistakes that I've noticed. Design and layout is good. Overall method looks solid. If you're thinking about investing in it, I say it's worth the shot. Will be implementing it myself soon and will update with results.

I'm going to very brief because the eBook was pretty brief.

There is no 100% guarantee you'll gain, you need an initial investment.[unless you want to try the free option]this involves taking a risk with your money(gambling).

I see some potential with this method, especially if you've mastered the techniques.

I've personally never seen this specific website, but nothing is original about gambling.

I feel like there is money to be made out here, but I think OP needs to go more into detail on how greater the chances of winning.
