uh i just wanna share it you can leave an opinion if you wish. :)

<https://jk.la/>

<https://ethanis.rich> - mirror^

<https://ethan.cx> - mirror^

<https://ethan.sh> - mirror^

added realtime song info, scroll over the equalizer.

you can view the whole playlist here: <https://jk.la/playlist.php>

dots are updated to detect bpm and turn transparent to beat.

you can give me a lil kiss by commenting on this thread.

Yeah that song as well, pretty good. seems like you're working on music website or something?

.trigious - January 1, 2016, 5:08 am

I like the animation stuff in the background, looks cool and I like the new feature you added. :)

But what exactly is the point of it? Will there be somethign added?

Nachfolger - January 1, 2016, 5:09 am

That's a small domain. Nice job on getting that.

Is this website only for music? Or what's it for? I didn't have headphones in, but it said it was playing sound.

w?????illiam???? - January 1, 2016, 5:10 am

You already know I like it since we've been skyng for the past few hours. ;)

Pretty dope site.

Digging the songs too.

Chance Acid Rapper - January 1, 2016, 6:56 pm

Not gonna lie this site is super fucking sick. Nice work.

appreciate the feedback!

Anticipate - January 1, 2016, 9:34 pm

Is this your soundcloud playing on the site? Or a separate playlist?

Songs from my soundcloud.

Scymo - January 1, 2016, 9:38 pm

what's the background called?

Jokingly laughing a lot = jk.la

Could be a comedy based site.

Normon the Prophet - January 3, 2016, 12:29 am
Song transitions are easy bro, did it before.

Make sure your using the mp3 locally as well :)

xpsycho01x - January 3, 2016, 8:16 am
great domain in my opinion. How did you find it ? :)

:)
got it off a friend. ?

Ninetales. - January 7, 2016, 10:30 pm
pushing an update. looks clean af now!

Galaxias - January 7, 2016, 10:41 pm
Any tips on creating something similar?

particles.js is nice.
Also you can find glitch CSS effects online! :)

IvanP7 - January 9, 2016, 9:51 am
It is way to simple and basic. It does not seem to have any function. Am I having trouble finding something hidden?

mobile doesn't work brotha

i a m g o n e - February 23, 2016, 5:01 pm

Fire site, first mirror is done though my friend :P

Chaorii - *February 23, 2016, 11:34 pm*

It looks great, very clean design, the only thing I love to suggest is to change the title to ? > ? XD

if-ea - *February 24, 2016, 12:23 am*

I like the way you managed to synchronize the particles.js with the music.

Good job OP

And that song is so addictive lol
