LordZeus - January 1, 2016, 10:00 pm

I have joined a few months ago, searching around for a good forum to enhance my skills but despite what others say hackforums is still the best lots of content we could read and share, so moving forward it would help me to have the userbar added to my account . However i hope other contestants win.

Thanks.

HitSweMan - January 2, 2016, 7:56 am

I want to apply to L33T since I can give rep and get more respect. People act to me like im some kind of trash. Like comeon just because I don't spend my money on an awesome forum makes me automaticlly a LQ?

I would like the 3pic tag, as I am a friendly user who likes to help people with business marketing and SEO services. I do my best to make sure users on this site are happy with the content I post and so on.

Prudent - January 2, 2016, 1:06 pm

I'd love to participate in this contest. I want to become upgraded tbh :)

big dick rick - January 2, 2016, 1:07 pm

I would like Ep1c because I think I contribute a certain amount of low quality posts to HF that really make it what it is.

Thanks, Kappa.

Captain Cold - January 2, 2016, 1:08 pm

I've been signed up here for over a year, I try to be as active as much as I can but its hard when you're not upgraded since not that many people notice me (notice me senpai). I would like to be a lot more active since most other forums aren't alive like this one. I also want to change my name because this one makes me sound like a straight up randy. So ye. Thanks for giveaway and Happy Holidays

bfreakz - January 2, 2016, 1:21 pm

I think I should win because I really want 3P1C (to be honest, because the userbar is epic, and because of the 1s query time). I have also been a member here for a really long time but I don't know if that means anything to you. Thanks.

tulip - January 2, 2016, 1:43 pm

Count me in thank you :D
Thank you :D

S????i - January 2, 2016, 1:46 pm

I would love to enter for l33t.

In all honesty, I'm not more deserving for this award compared to everyone else, I'm just a casual HF browser that visits daily to see what's interesting that I can read. I've been a member for a few

months now and this place is literally where a lot of my free time is spent.

Good luck to everyone that is participating :)

ewsd - January 2, 2016, 1:50 pm

I would like to win the L33T userbar because HF is just an awesome forum with a lot of helpful members. I did help some members out already, sharing is caring! Also, in my country there's only BTC payment available and i don't have any BTC wallet.

Good luck to all and thanks to OP for doing this!

e?erg1zer - January 2, 2016, 3:05 pm

I'd like to win because I'd love to be upgraded to 3p1c.

Ace Of Jesus - January 2, 2016, 5:28 pm

Why should I win? Because I'm a little broken teenager which is looking to develop his knowledge and in the same time make friends, and be able to contribute to this awesome forum. A big thank you to the whole royalty team. Good luck everyone. I'd be really happy to win any upgrade. :)
One day, I'll try to join you guys. Cheers.

1337 - January 2, 2016, 5:34 pm

Good luck everyone.

SIM-2015410 - January 2, 2016, 8:27 pm

I don't have the l33t userbar so I would like to enter.

JK, nice contest though OP ?

Silent - January 3, 2016, 12:15 am

I would love to get upgraded to l33t for a HUGE variety of reasons. I morally believe the way you treat people is the way you are going to get treated so this jumped at my eye's. I have been on hack forums close to a year and have spent numerous hours on here browsing through the forums, replying to people, and overall having a good time. I have met a hand full of people that have been amazing user's and I have done amazing deals with. The hack forums community is full of amazing, smart, and knowledge people when it comes to money (except scammers, had to deal with those a

few times) and have been amazing to me, I also shared some top level secrets aha. I have spent numerous hours on here and have not even felt them fly by, today for example, 4 hours fly by me like they never happened. And I dont regret it 1 bit. I also would be able to post in the Premium Market and be able to promote and expand my new and upcoming service to all of the hackforums community!. An upgrade to L33t would forever so boost my confidence and motivation to post, and get on here more + it gives me the ability to happily reward those amazing users with a +rep and rock a dope signature!!!

I tried posting in the giveaways section to give away my \$25 fandango and I have to L33t lol, that is one of the reasons aswell!.)

Futurism - January 3, 2016, 2:04 am

I'd like to apply for L33t.

Goodluck to everyone :)

Black??????????????? - January 3, 2016, 2:05 am

I've been on this site for a while now and plan on doing business. Unfortunately people don't trust me enough and I end up going first. As a result, I end up getting scammed (got scammed by Languages for \$143, don't do deals with him) I feel that getting an award will make me more trusted as I am not going to mess up an account that has awards and stuff.

Good luck everyone ?

444 - January 3, 2016, 2:33 pm

Thanks for everyone who is competing! This will continue until January 10, 2016 and the winner will be drawn with an RNG.

Axil - January 3, 2016, 2:41 pm

the reason that that i would like epic is that i would like to expand my mind in computer science/hacking and epic will open doors to another part of HF where it will be easier for that as well as i would like to help others :) good luck everyone

blerthotel - January 3, 2016, 2:55 pm

Could i give this ago, i'd like 3p1c please.

Jatt12345 - January 3, 2016, 4:40 pm

Firstly, I want to thank you for posting the contest giving members a chance to become L33T and wish everyone best of luck. So I believe I should be upgraded because I've been a member of Hackforums since 2009, made contributions in any way I could. I use HF often in order to stay in touch with latest technology/programs/news and sometimes gaming. I believe receiving L33T would give me opportunity to give rep to users who truly deserve it and contribute more.

Thanks again for doing this competition!

LilHackers - January 3, 2016, 4:43 pm

Starting my year with an 3P1c upgrade!

Cheers ?

Sunlight - January 3, 2016, 6:24 pm

I'll enter for 3p1c.

I don't have any way to buy upgrades, I've been lucky enough to have them all as a gift so far. I have been offering my advice to tons of people in innuendo for months now and always trying to be

a friendly and easy going person around the forum. It would be lovely to have all the upgrades on the forum. I've always been helping out the best I can.

I wish everyone the best of luck and thank you OP for hosting.
