Thread: [\[MOTIVATION\] Reason why you aren't making \\$](#)

Oddissee - January 2, 2016, 2:12 am

The reason why you aren't making jack for those who actually aren't making jack.

You get FRUSTRATED too easy, you give up on eWhoring too easy. You're satisfied with too little.

Okay nice you made \$20? Make \$200, why don't you make \$2000. Fuck that stop being a broke bitch. GO make \$20,000.

I promise it's easy to do it if you have patience, time to spend, and the mind set.

I have a life, although it may not seem like it, I do.

I have a girlfriend who I love dearly, and amazing friends.

I give up sleep for the \$ because I'm addicted to it.

I've been up eWhoring for the past like 16 hours.

although sometimes you might NOT make jack..

I promise you theres that one golden egg waiting to be hatched where you can double dip easily for \$200 +

It sucks that you have to WORK HARD to produce results, it sucks you have to sit on your ass to make the money... Yes I know. Listen but you need to stop being a fucking pussy and make this cash. You have to HUSTLE, that's your fate... you wont be getting anything. If you don't focus you're going to be a broke loser. eWhoring should be treated serious if you really want to make cash.

Be patient and stay HQ.

He who says he can, and he says he can't are BOTH usually right.

It's the practice, not the concept.

No one cares about the concept, its all about social engineering that's all.

lol @ staying up 16 hours to ewhore.

Dedicate all that motivation and time to learning a scalable skill that will make you 10x more and isn't a short term money grab like ewhoring some desperate losers online.

With the amount of idiots replying to this thread you should've made it into an ebook and sold it for \$15, updates for \$5.
