Layout: 8.5/10

The e-book is well organized, the text looks clean. For some people it might lack some images, but it doesn't affect the methods, as they are pretty much straightforward.

Grammar: 10/10

Now I'm not so great with english, but I haven't noticed any errors. Let me be clear, there might be very small ones, but trust me - You WILL understand the content.

Potential: 9/10

There are 4 methods overall. Three of them need some work to get started, one doesn't. There's pretty much everything for everyone. About the saturation, there will always be a method in this e-book that will make you money, even in 10 years.

Originality: 8/10

I certainly haven't seen three of the methods, I've come across something similar to the last one, but Kioshima has done it completely different, so chances are you've never seen those methods yourself!

Overall: 9/10

I can recommend this e-book to pretty much everyone. Of course, you might need a bit of investment, but believe me, it will be worth it. This e-book is an investment itself and you're making a huge step towards earning lots of money by getting it.

These methods are very easy. With just a little bit of work, you can start making your money back. I haven't seen some of these methods yet, so they are for sure worth buying. Trust me I've done a lot of E-Book reviews, and these are some great methods!

Grammar: (9.9/10)

I didn't come across any spelling mistakes! Maybe it's because I'm a little tipsy but read it over and over and seems to be great! Just missing a few commas but who cares about commas? xD

Layout: (8.9/10)

The layout of the eBook is great! Could have used a bit more pictures but it still wouldn't affect your earnings.

Overall: (9.5/10)

Everything is on point! This eBook has a lot of potential. You'll just need time to set it up, and the rest is pretty much autopilot! If you are one of those lazy guys and want to make money, I suggest you purchase this if you're looking to making money super easy!

After thoroughly reading through the guide, I have to say it is very well written.

OP breaks it down into 4 methods and elaborates very well. Even if you're new to online money making this guide will hold your hand and show you the way step by step.

Layout: The method is laid out in a very easy to read format. It is clearly seen that the author spent his time to space out his paragraphs, excellent grammar, adding lots of personal tips to make it a

fun to read guide. On top of all this, he has a very professional looking logo and name for his guide! Lots of effort put into laying out and packaging this ebook. Although there aren't fancy pictures or colours in the guide, there aren't a lack of detail and finesse in his writing.9/10

Originality: Just to reiterate, there are 4 methods included in the RevUp guide. 2 of which uses the same site, which is well known. But these two methods are very original and I have personally never heard of them. They require some work, though it is semi autopilot. Don't expect to not put in some effort though. The 3rd method I have seen some people doing on other sites and on hackforums too. It a foolproof way of making some profit! Definitely a good method.

All first 3 of the 4 methods are guaranteed to make you money, have no risk, and require some effort and time to do. No risk involved. The 4th and final method is very simple, and well known. Please be advised the 4th method involves a substantial amount of risk. The author does offer some basic tips that are known. He does suggest a specific site to do it on. To earn money with this method requires investment, and some luck.

All 4 of the methods are OP's own writing, where he explains it well enough for a beginner to follow. 8/10

Ease of use: All 4 methods are easy to use, 3 of them require more time and a little bit of effort. Other than that they are all a breeze to execute. 10/10

Overall: The author offers well 4 well thought out methods in one guide that are straight to the point and effective. Takes a some work but easy to do. 3/4 methods are guaranteed to make you \$\$\$ His claim to make 100/day is possible if you put in some work! 2 of them are unheard of methods. Kioshima offered me some pointers, he is very helpful and friendly. So even if you have some questions after reading his elaborate guide, you can directly contact him to have them answered. 9/10? Originality: (8/10)

I haven't seen these methods anywhere else. These methods were clearly well thought out, there are 4 methods included and all originated from OP

Potential: (9/10)

There is some autopilot, but be prepared to work, I've found in my time working for your money is always more beneficial than sitting back and letting it roll in. This is what you will find here. I can't see these methods becoming saturated, they really don't include anything that depends on the amount of people doing it. If you put the effort in, you will see profit quickly.

Grammar (10/10)

Well spoken, directions clearly given, and no grammatical errors whatsoever.

Layout: (8/10)

The layout of the ebook is plain. There are no graphics or annoying bright colors distracting you. It gets straight to the point. Making money. Personally I see this as a plus. It doesn't waste time with unnecessary pictures to make the ebook appear longer like I've seen with some other ebooks on HF, because pictures aren't required with these methods. Overall, it gets right down to it from the get-go and is easy to follow.

Overall: (9/10)

All in all, I believe RevUp is a good investment. It is very well priced for what you will be making back. If you put the effort in, you can triple the price of this on day one, easily. If you are the type of guy who doesn't want to work for his money, don't expect this to work for you. If you are however, you will reap the benefits, the effort required isn't huge, but it is there. In conclusion, in the words rarely spoken by Simon Cowell, it's a yes from me. (Jan 2, 2016 03:13 PM)Canary Wrote: [\[CITE\]](#) Vouch for kioshima. HQ seller, makes good money. One methods is gambling, while the others are all low risk with no necessary investment. All that is necessary for the other methods is the time it takes to setup. Regarding the refund policy, if you are not making any money within a week after it is setup or using the last method then you can PM me asking for a refund.

Thanks mate for the vouch, currently open for sales! Hit me up if you have any questions.

This seems like a cool method!

How long did it take you to think of it?

Thanks mate, it took me awhile to develop it, but overall it was well worth it.

This e-book looks really good, I might buy it soon :)

Having problems with PayPal, so as of now the payment feature will be disabled.

Vouch for my dude legit as fuck.

Kioshima - January 11, 2016, 8:27 am

Thanks Bald! I added a placeholder PayPal as of now. Open for all types of payments.

+Nemesis - January 11, 2016, 8:44 am

Kioshima is one of the few eBook sellers you can actually trust. Don't hesitate to deal with the guy!

Kioshima - January 11, 2016, 11:49 am

Thanks for the vouch Nemesis. I am currently using a temporary PayPal as of now.

FreeAnneFrank - January 11, 2016, 11:52 am

So I buy it and if I dont like the method I can get a refund?

Kioshima - January 11, 2016, 3:52 pm

If you do not earn any money within the 1-2 day setup then I will refund. You must PM me though, do not chargeback.

Maximum - January 11, 2016, 9:39 pm

If you're serious about making money then I recommend getting this.

NotYourNormalApproach - January 11, 2016, 10:24 pm

If you want to make money, I recommend this one.

Kioshima - January 12, 2016, 6:53 am

Thanks for the vouches, updated the payment settings with my own PayPal.

A new 20% off coupon code has been added: "Hype"

LilDurk - January 12, 2016, 8:33 am

Kioshima is one of the fewer people you should really trust on HF.

Vouch for his great methods.

FSBN - January 12, 2016, 8:44 am

Watched this for a while.. worth buying it. Vouch.

Kioshima - January 12, 2016, 9:41 am

Thanks for the vouches boys! Coupon is still available.

Thanks for the vouches guys! Hit me up if you have questions.

yariNN - January 12, 2016, 7:45 pm

As said before, I bought the RevUp Premium package on a 20% discount.

Layout: 8.5/10

The e-book is well organized, the text looks clean. For some people it might lack some images, but it doesn't affect the methods, as they are pretty much straightforward.

Grammar: 10/10

Now I'm not so great with english, but I haven't noticed any errors. Let me be clear, there might be very small ones, but trust me - You WILL understand the content.

Potential: 9/10

There are 4 methods overall. Three of them need some work to get started, one doesn't. There's pretty much everything for everyone. About the saturation, there will always be a method in this e-book that will make you money, even in 10 years.

Originality: 8/10

I certainly haven't seen three of the methods, I've come across something similar to the last one, but Kioshima has done it completely different, so chances are you've never seen those methods yourself!

Overall: 9/10

I can recommend this e-book to pretty much everyone. Of course, you might need a bit of investment, but believe me, it will be worth it. This e-book is an investment itself and you're making a huge step towards earning lots of money by getting it.

Kioshima - January 12, 2016, 9:26 pm

Thanks for the detailed vouch YariN. ? Glad to see it worked out!

If I don't make \$150+ daily will you issue a refund? Or will you have to approve me?

Kioshima - January 17, 2016, 1:28 pm

Thanks for the vouches, you will receive a refund if you don't make anything in 2 days of setup.

And don't try to fake it, these methods are profitable.

Doxicity - January 18, 2016, 9:46 am

Made some really good money using your method, thanks!

Heart - January 18, 2016, 9:47 am

Nice signature. I'm gonna wear it

Kioshima - January 18, 2016, 10:23 am

Haha okay. Thanks mate. ?

Thanks boys! Open for sales!

Madow7 - January 21, 2016, 9:20 am

I would like to have a refund.

Kioshima - January 21, 2016, 9:22 am

PM me. I will get that sorted for you.

Madow7 - January 21, 2016, 9:24 am

I am sorry , but i am not allowed to send PM. Would you please send me your skype or email to contact you.

Foreach - January 21, 2016, 12:11 pm

How come users are vouching twice ? kinda weird.

Also , if I purchase the premium , you will 100% refund if i dont make any money?

Kioshima - January 21, 2016, 12:42 pm

If you can prove that my methods have not made any money over a week period, then you can request a refund.

Stashyy - January 21, 2016, 9:19 pm

Vouch for this man and his product. Yeah it takes a little work but you do earn a lot if you try. :)
