Jac0b - January 2, 2016, 4:37 pm

Xbox is what i've always had, prefer the controller. If I could I would go PC.

Lyrlei - January 2, 2016, 4:38 pm

I'll prefer staying on PC, Thanks OP.

CounterFun - January 2, 2016, 4:40 pm

I just got a gaming PC and I love it. Much better than Xbox and PlayStation both of which I had. I still like to play COD with friends on Xbox though.

Sensual - January 2, 2016, 4:40 pm

Had both, prefer PS, currently stuck with X1 as I sold my PS4

NoBarsHandler - January 2, 2016, 4:42 pm

Xbox.

Are you trying to start a console war?

Not really haha, just curious ?

Shadyy - January 2, 2016, 5:02 pm

I've always preferred Xbox, I can't stand PlayStation controllers. Also PlayStation kids are trash.

deiski - January 2, 2016, 5:03 pm

We also have a gaming section with threads identical to this.

Good point. Well, for the remaining time this thread stays here in the Lounge, I guess I can weigh in: I do my gaming on my PS3 and PS4. I use Linux on my regular laptop and my music production machine, and Linux is okay for gaming (people say it is and there's steam and all) but I like my consoles for that sort of thing.

pc?

yeah, pc.

oh, pc?

yes.

xenko - January 2, 2016, 5:49 pm

I prefer PC, play PS4, and want an Xbox One. But the best game-wise, at least in a couple years, will hands-down be Wii U.

Yeah, sorry. This is my first day on HF. I am lost and clueless to the categories lol. Anyways, now I know, thank you.

Nads - January 2, 2016, 8:04 pm

I prefer PS over XBox... just better...

Haha cool ?

Raddify - January 2, 2016, 8:38 pm

PC.

Completely cheaper games.

Why is that not there.

Out of the two, definitely, PlayStation from what I have heard about Xbox.

BigHank - January 2, 2016, 8:59 pm

I'd say PC 100% But out of the two options playstation seems to be the best choice on the current gen, all it lacks to me is Forza.

TimmyWu - January 3, 2016, 6:35 am

I'd have to got with play station just because thats what i started on.

arthurdog - January 4, 2016, 7:07 pm

The answer is obviously pc. But if I had to choose it would be playstation because of the controller.

joshuagress - January 9, 2016, 3:57 am

Xbox 360 > PS3

but: Xbox One < PS4

Dowls - January 9, 2016, 4:01 am

Just got a PS4 for christmas due to wanting a better FIFA market and COD exclusives. However I'm a long time PC gamer, can't beat 60FPS 1080p maxed out settings. As well as Counter-Strike and Dota 2.

PC is the best however out of the consoles it's definitely PS4 for me.

Hummel - January 9, 2016, 7:21 am

Xbox, purely because it was my first true gaming console that I played religiously and loved Halo Combat Evolved.

Though I'm just a PC gamer now who gets next gen consoles in an attempt to get into playing them..

Kiyoshi - January 9, 2016, 8:17 am

I prefer the PS over the xbox.
Quite easy pick tbh.

PC > all

AvanH - January 9, 2016, 3:17 pm

My worthless opinion: Playstation
