HUGE vouch for ?????II?? His services are fantastic! Definitely recommend this ?

elipheleht - January 16, 2016, 4:49 pm

Quick question: If I buy package 1 for (2 dns), will I be able to always delete the dns and reassign fresh names for those my deleted slots anytime like? I need to know this before I buy. Thanks

????II?? - January 16, 2016, 5:39 pm

no you cant,

otherwise there were no 2nd and 3d back to it.

you can change it once you use those slots you cant adjust them.

and if you want more slots to be safe you need to buy the higher packages
