Zayne the legend, ride or die.

grady - January 4, 2016, 3:12 pm

If you leave, definitely going to keep in contact with you.

Thanks for the help you've given me over the past few months.

Llama™ - January 4, 2016, 3:13 pm

Hi, yea. You missed me. Sorry to interrupt. Good thread. Teared up on the Anonymous part even tho I don't know the guy.

Doctor Blue - January 4, 2016, 3:28 pm

I think the reason we don't talk is that I don't talk. I just look around and read. Another part is probably that I lost access to my XMPP account because of inactivity.

WuTangClan - January 4, 2016, 3:43 pm

From time to time I do read some thread from start to end and this one was great to read.

Btw hows Anonymous doin?

Quote:It was really good actually. I decided to put # and jobs away for a while and just relax and I really enjoyed it. I'm highly considering selling the # and legion domain and do so e other work instead. Got about 10k requests a day, so that's pretty good. According to his last message he's doing good.

LevelUp - January 4, 2016, 3:52 pm

I'm still laughing at thie shoutout. I still remember your tweet about a certain forum that got taken down and it was also the funniest shoutout ever.

Shit I wish Legion was still around, no matter what people were saying about this group, we did have a lot of fun in it and Anon is a great guy.

I read a lot of stuff. Especially in RANF because that's where it's easiest to help. Now that my home section (Omnicoïn) is gone that's where I automatically end up clicking around :)

#Skyline - January 4, 2016, 4:12 pm

I like feedback where I'm not even mentioned. As the saying goes....if you don't have anything nice to say then say nothing at all. :)

But good feedback in general and best of luck to you.

Even though we didn't really speak much you know where to find me, my activity here will probably reduce a lot when Null gets sold. See you around, buddy.
