Thread: [What are the rules with HYIPs?](#)

?Enlightened - January 4, 2016, 5:48 pm

Hi,

I know that in the crypto section, HYIPs are not allowed...though I do a quick search/visit to the monetizing section and I see that it is openly discussed.

So it leads me to the question, is discussion about HYIP's allowed or not? We all know that these sites end up in scam, though they can actually be quite profitable if you play at the right time (notice I said "play", as it should be considered a gamble) and get out at the right time.

This is more of a rule check, and suggestion, to make this rule a little clearer

Thank you!

EDIT - I see in [Help Docs](#) it says that if you are OFFERING investment, you will have your account closed....

"This type of garbage won't be tolerated here. And don't bother calling it "investments" either. If you're promising a high-yield short-term return you will get your account closed. "

What about discussion of such websites, simply discussion...this is what I mean when I made this topic, not users from HF offering investments.

I'd wait for [Omniscient](#) or a staff member to reply then.

I'd think it would be disallowed, but lets let one of them make the final call.

I also assumed so, but i guess it's a bit of a grey area with 'discussion' of such services out there, and actually offering it as a HF user (definitely not allowed).

We will wait to see some staff response :)

OFFERING these services is not allowed on the forum. No one has time for that garbage.

If you see a thread that's breaking the rules, REPORT IT

Code HYIP & Ponzi

Does not need any further clarification....I'm not sure where you think the grey is. DO NOT OFFER THESE SERVICES

Are you offering such a service?

YES: you will lose your account

NO: ...*crickets*

Nope, stay the f\$&k away from that.

no one is asking if they can offer services or not, we already know this is not allowed.

I am talking about websites that are hyip, it is being discussed in monetizing section, i am asking if it is allowed. no one is offering it.

anyway will close this, i think the conclusion is that it is against rules to talk about anything hyip

Not allowed. Report it.
