Seasonal - January 5, 2016, 8:55 am

It's sad to have to do this, but since my eBook thread got removed of me leaking the eBook due to this user selling it AFTER I bought ownership month's ago (and then claimed I chargedback, please check below for proof (LOL, Got the screenshot before moderators deleted his post of him saying it)

Thread was being sold on: Got junked, because user tried re-auctioning off last month and then I reported it.

Thread proof I owned it: <https://hackforums.net/showthread.php?tid=5008063> - My previous name was TurtleClub, click it. It re-directs you to me.

Him sending me the stuff:

Boom, that's that. If you need ANY more proof. I still have all the skype logs and everything. :)

User just put me on block list because I uploaded proof to his thread.

You need to screenshot his skype name.

Exodi - January 5, 2016, 8:59 am

Enough proof included, but that's what I think of it.

Gladly, here you go.

User claims I can now speak to him in PM on his thread, but yet has me blocked so I can't.

I remember stating to you, you aren't allowed re-sell this.
And you did re-sell it.
Breaking our agreement.

Actually, if your thread never got junked for you re-trying to sell this. I'm pretty sure it said I could do whatever the fuck I want with it. Otherwise you wouldn't of waited SO long to re-post it.

I'm leaving this here, you've literally been all over the place with your lies. It's fucking hilarious and sad.

First claimed: I chargedback -proof is in thread.

Second claimed: Isn't your BTC addy. -Proof is here of you SAYING this:

Third claimed: I can PM you to discuss this - have me blocked lol which proof is above this post and yours.

I'm done talking to you on the matter, you are a bullshit liar that have your little butt buddy protecting you and having all my posts removed lol.

Ironic, your posts get deleted with mine so it covers your ass when I make you look dumb as fuck.

I got you confused with someone else.

And yes I stated you aren't allowed resell

Not king of hearts, king of hearts listened to me. I'm not going to bother saying it as I'll just end up rep-fucked due to fact he's a 'well liked' member by mentors and staff. But, I'm done talking about it. User is a scammer, lied multiple times on his own thread trying to make me look like I was lying and then blocked me lol

I re-sold, and then the user wanted funds back so I kept it. And if your thread wasn't junked because of you RE-TRYING to sell ownership of this and me reporting it for that reason, then I'd be able to prove that it wasn't ever the terms. Ownership means I can do whatever I want with it lol

Sorry, \$76 might seem little to some users. But to me, it isn't.

Stop making this into a situation when it's not. Your just being a big immature kid. No one cares if I'm liked or not, if I break rules then I face the consequences. It's as simple as that.

Your posts were removed BECAUSE YOU WERE LEAKING CONTENT AND SALES TRASHING. WHAT DO THE RULES SAY?

Quote:Scam Reporting

The Scam Reports section is designed to alert other members of scammers. It also can serve to help resolve an issue between members. We can't get your money back or force a member to complete a deal. Do not PM staff. Our staff on occasion will ban a scammer, if the evidence is on site and apparent. If you got scammed, we would appreciate it if you report the scammer by making a thread in the scam reports section, with the following content:

Link to the scammers profile. This is to prevent confusion if a username change occurs.

Link to the thread in question if it exists, where you may have been scammed.

Search Scam Reports area for any existing threads with the scammer. Search by username and also uid. If everyone adds the users profile then UID will be very effective. Include such threads if found.

Post any images/screenshots (or videos perhaps) that you can provide as evidence of the scam. Include short explanation for every image.

Follow the fucking rules here instead of trying to blame me for your lack of knowledge. Shall I post the PM where you tried to make it look like I was supporting a scammer, even though I told you clearly this is about site policy and you following rules?

Move the fuck on - stop bitching about your posts being removed. If you didn't break any rules they wouldn't have been removed. It's as simple as that. Get the fuck on with your deal dispute and stop trying to drop names and cause drama for no reason.

I've never spoken to Null before this in my life. If I have, it clearly wasn't significant. Quit the blame game. Null doesn't know me, I don't know him. There's no sticking up for each other. Just accept you fucked up by sales trashing and leaking. If you hadn't done that we wouldn't be in this situation.

Seasonal - January 5, 2016, 9:57 am

Okay, yeah. I shouldn't of tried leaking, shouldn't of even bothered posting that he had no permission from me to sell it. I should of just made this. I'm in the wrong. I apologize.

I'm not getting any funds back from this, and the user basically scammed me (he ironically waited 3-4

months after and changed his username. I assume to hope I wouldn't notice?)

His other thread of his auction got deleted by staff, I would really love if someone @staff could look and tell me if what he is claiming the "resell" part is on there because me and other users who read it are all saying it didn't. But if it did , I would/and will gladly close this.

Anyway, I'm leaving this here and I'm done responding. He has made false claims, I proved him wrong several times.

If anyone needs video proof or anything else I'll gladly make it.

Sorry again Xch4ng3.

Anyway, other users. Please just deal with this user with caution. I got ripped \$76 and I really would hate to see him get away with more funds.

It's what the rules, say. Besides that you sold him full resell rights and I saw it at the time in your thread, you never ever said that he is not allowed to leak it. Ofcourse HF rules say he is not allowed but if he leak it somewhere else then it's his own problem, you sold him FULL rights. He is the owner of the ebook and not you. You are selling it now so you are the one that is breaking the promises now.

He PAID you for the rights, and YOU are selling it now. Then why the hell did he pay you.

If you keep selling it now then it would be fair to give him at least a refund.

You should probably just fix the problem by not re-selling an ebook you've sold all rights to?

I highly suggest not dealing with the user, and as far as him and the eBook go. I'll still go with selling it as I did buy ownership. Closing this now though since I know he isn't gonna refund and I don't have time to talk to a liar (especially when he has me blocked ? lol)
