Hai to Gensou no Grimgar
Description courtesy of NanoDesu
Why are we here? Why are we doing this?

Before Haruhiro had realized what happened, he was surrounded by darkness. Why was he here? Where was here? Even now, he still didn't know. Those around him were the same as him, no one remembered anything other than their own names. And when they emerged from the darkness, the world that awaited them seemed like something out of a video game.

In order to survive, Haruhiro forms a party with the others, learns fighting skills, and as a soldier in the reserve force, takes his first steps into the world of Grimgar. What awaits him there, he doesn't know...

This the story of an adventure born from the ashes.

Definitely going to be watching this show once it starts airing. Seems interesting and falls into the genres I like to watch. It reminds me a little bit of "Is It Wrong to Try to Pick Up Girls in a Dungeon?" haha.

I just finished "Is It Wrong to Try to Pick Up Girls in a Dungeon?" and yeah it does look similar just because of that dagger. Is the main character going to be OP is w hat I'm wondering. Looks good so far.

From the two trailers you can't really tell if he is going to be OP or not. I honestly hope he isn't. There are already too many shows that have over-powered main characters. Guess we will have to wait and find out.

Lyrlei - January 6, 2016, 11:51 pm

The Novel kind of put me off since it felt like most stories, But I'm definitely watching this anime for the artstyle. Looks amazing.

Peanut Butter - January 9, 2016, 11:41 pm

Been excited for this show thanks to the LN, can't wait for tomorrow. Here's another pv clip with an insert song from TOHO.

Duyere - January 10, 2016, 1:03 am

Now this is the kind of stuff I like to see.

Ang?I - January 10, 2016, 10:16 am

The animation is beautiful. I think I'll really like this show, especially if they show more Barbara.

neightworks - January 10, 2016, 4:15 pm

First episode was pretty good.

Ang?I - January 18, 2016, 8:47 am

Ratings for this show dropped so fast and I'm not really sure why. I still like it.

CorrosiveBlueberry - January 18, 2016, 8:58 am

People are dumb; I don't even know why they're already rating the shows of this season on MAL -- at least wait til the show is finished, it will negatively affect the show's rating forever most likely because others' ratings are most likely to affect each other's.

Kiyoshi - January 18, 2016, 9:09 am

I have/had some hopes for it, but I don't yet.

It's really slow-paced as for now. That's probably one of the reasons why the ratings dropped somewhat. Stuff hasn't really happened yet, IMO.

They've like had some food, slept and talked for most of the part.

Realizm - January 18, 2016, 7:09 pm

I just watched the first 2 episodes and I liked it a lot.

Spoiler ([Click to View](#))

It's nice to see a main character along with his friends not be so OP for once. It's fairly rare nowadays actually. The artwork is also very different to most anime I've seen, and I actually like it. I wouldn't want it for every anime, but it works nicely for this one. I'll definitely be keeping an eye out for episode 3 :)

Lyrlei - January 18, 2016, 7:16 pm

It's boring, dull and disappointing so far :(

I find it very enjoyable to watch. They're actually struggling to get by and doing their best in the current situation.

Lyrlei - January 24, 2016, 5:36 pm

It's not that its bad. Its just its 12 episodes and nothing interesting happened yet, It's like idle chat anime.

I wouldn't be like this if i know it's gonna be like 50 eps but its 12 only.

Smexy_temp - January 27, 2016, 4:22 am

I just watched episode 3 I personally enjoy it, but as Lyrlei stated, if there are no more seasons after 1, they have to rush something good real quick.

this post for everyone disliking this anime.

a good slow paced anime.

Vip?r - January 27, 2016, 11:39 pm

Was interesting to watch, felt as if there was no set main character although it's the narrator. I also kinda felt like there was no point to this anime, like nothing is going to change in the end for them, only their bond. Nevertheless I'll be continuing this series.

Thornzzz - January 27, 2016, 11:45 pm

I like this shit it's good

Azsry - January 28, 2016, 3:01 am

A very interesting concept, starting off with a very dysfunctional and under-skilled team. Like others have said, the pacing is extremely slow, but I'm going to assume the pace will pick up later once they get better at each of their roles.

Yndras - January 28, 2016, 3:27 am

I think it's pretty average, was hoping for an adventure serie but it seems more like a slice of life or idk what ^^

The show seems OK so far, I mean I get it that the plot is about figuring out the mystery of why they are there, but I don't like the fact that there isn't a main antagonist, unless you want to count the goblins.

I'd say 7.5/10 right now, because I haven't really seen enough of it yet.

I haven't read the manga, but I assume there's going to be some form of conflict between Harhiko's group and that other main group of soldiers.

I'm glad that they killed off Minato. I did not like that he died don't get me wrong, but I like that they are actually sticking to the under experienced team trying their hardest to survive. You can see now they are not afraid to kill off a character and make it more realistic than some 14 year old boy killing everything like hes cutting butter.

Definitely sounds way more exciting and adventurous then having a 9-5 like most people in the world do.

Plus, if you're dirt poor you can't blame anyone or anything other than your skills.

Definitely worth, the pacing isn't as fast as other action series since it's more focused on the characters and the adventure, but it's a lot better like that.

Of the 14 shows I'm watching right now, this, Utawarerumono and Erased are the only ones I really look forward to seeing every week.

I can't remember it all but from what I can, it's been pretty loyal. Only things I can think of are

Spoiler [\(Click to View\)](#)

The scene with Mary and Haru after they visited the grave is original and in the LN when they asked Mary about who she preferred of the 3, she said that Mogzo was more her type instead of nothing. (stop supporting the inferior ship, A-1)

And they cut out some repetitive scenes like

Spoiler [\(Click to View\)](#) Ranta and Haru arguing over small things a lot and Haru correcting Yume since she speaks weird and messes up sayings. They also cut out some of the beginning, but it wasn't too important.

Spoiler [\(Click to View\)](#)

Renji picked out strong people for his group.

Other people split up into different groups (including Mogzo).

Mogzo later got all of his money and equip taken by that group and got kicked out with nothing left. Manato's group was pretty much everyone that was left + Mogzo which worked out because Ranta was supposed to pick the Warrior class to have a complete party but he went with Dark Knight because it was "cooler".

tl;dr Ranta was more of a shit in the LN and Yume+Haru > Mary+Haru
