[Video: <https://www.youtube.com/watch?v=dHjkeeVu4hk>]

what are your thoughts? Do you hate teemo? Why?

Aliasllias - January 7, 2016, 1:01 am

Teemo is pretty OP, if he has a decent build there's no escape from him.

big dick rick - January 7, 2016, 1:06 am

his blind and mushrooms are cancer just via pixels.

Dan the dangerous doxer - January 7, 2016, 1:17 am

Mainly because he's under 5'2.

biscuit deluxe - January 7, 2016, 1:19 am

because he has a bigger dick

:D - January 7, 2016, 1:42 am

yea pretty much sums it up.

Exha - January 7, 2016, 1:50 am

I hate Teemo because he's a just the worst champion ever. He has no range, no burst, no grace, a useless ult when it comes to fights.

He's just the personification of a Bronze's soul.

I hate his mushrooms

Mushrooms = op

LilDurk - January 7, 2016, 2:07 am

His blind, slow and speed.

And his poke, it's just so fucking annoying.

Humour - January 7, 2016, 2:11 am

Because he's an annoying prick, what else?

And if you're Hecarim?

People hate Teemo because it's a noob champ

You don't need any skill for it

??

He's a ranged champion, his "burst" can 100-0 an ADC, and his ult isn't meant to be used for teamfights - it's unique in the sense that it provides map control (which isn't very bronze).

but yea no grace thats for sure

He has range though, especially for top lane match ups - eitherways an ADC gets rekt versus him, say if they're both fed. I'm confused with the "no burst" feature you pointed out, does burst make a good champion?...I mean...the ultimate is used for map control, in old times, Regi used him once and it was pretty OP regarding map vision. But he's indeed not meant to pick for serious matches, but what the hell; I've went with Twitch only to D3(I even pick him as Support in high tier games), so I believe there's people doing the same as Teemo. Honestly, till this day, I have no clue why people take champions as "bronze picks", it's 2016 and lets be real, why are you trying that hard to get Challenger with metapicks and get serious every solo queue...you're not going to gain anything out of it, you're not going to LCS and you don't need to be super high ranked to have a good stream/youtube going.

For people thinking Teemo has no burst, you've clearly never played vs a Luden's Echo - > Lichbane rush Teemo (as I occasionally cheese with in Plat). It 100-0s an ADC.

Shrooms mainly. I don't hate him.

But back in earlier seasons he was very annoying he still is but back then not much counter play for him.

So people just have scars that will never heal.

Whenever I play champions I main, like Anivia or maybe Shaco, I see Teemo as food for me

He's really not OP. He's squishy and can be easily dealt with by a heavy damage dealer with gap closers i.e jax or rengar, + he's really not all that great in team fights imo.

Teemo is only obnoxious in lane because even if you outplay him he can still kill you especially after six. He's also hard to gank + a full AP teemo can take out squishies pretty quickly if they run into a shroom.

Simple, his shrooms. His blind is annoying but nothings worse than going to half health off of shrooms when you're not even near that champ.

Or when you're going into a teamfight as an adc, and your whole team gets shroomed too half hp
