Thread: [\[Official Group\] Enigma - Leadership Spot](#)

Ginsum - January 8, 2016, 6:27 pm

I am currently selling my spot in Enigma, if you have any questions regarding this spot PM me.

You cannot purchase if you are a ban evader and or have an open scam report.

In order to purchase this spot you have to be accepted to be a leader by both zSerity and I.

Anyone interested in this spot knows that Enigma will be a great investment and has a ton in stock for the public.

Payment: Bitcoin

Price: \$950 or if you want to make an offer you can let me know.

zSerity - January 8, 2016, 6:40 pm

Vouch for Ginsum. Sad to see you go but he has my permission to sell this!

Gustav - January 8, 2016, 6:41 pm

Vouch for my boy Ginsum!

Get at this leadership spot@!

Bay - January 8, 2016, 6:41 pm

Good luck selling your spot bud. I wish I had the funds to purchase it. I'd love to be apart of that.

Biometric - January 8, 2016, 6:43 pm

I hope people realize that this spot is for the life of the group. I don't want to see another thread about someone claiming they were scammed because the group gets sold a few weeks later lol.

If they don't realize that then it's their fault. The group has already been around for a few months under a year, and I have no plans on selling in the next couple months!

Not atm but if we ever do you'll be allowed to and will get a share of the profits.

I doubt we will sell buyins though.

I'm highly confused what it actually means by leader?

Like you can add people to the group?

Basically it means that you help run the group. The beauty of Enigma is that, as long as you don't do things without at least letting other leaders know, and don't do things that'll harm the well-being of the group, you're almost practically an owner of the group. Enigma is a group that's equal. zSerity doesn't treat you like his pawn and heavily restrict what you can do within the group. (So long as you don't sell group spots, and don't shine a negative light on the group.)

The GRim - January 8, 2016, 10:53 pm

I hope you'll pay the 310\$ you owe once you sell this cuz I agreed to wait as you wouldn't run since you were a group leader.

I'm interested in this. I'd prefer to escrow the payment though (or go through the owner of the group) and I'd like to talk a lot more about this to confirm that I'd be right for the job.

Tommy - January 10, 2016, 9:34 pm

If OP does infact owe "The GRim" \$350 it would be best for zSerity to sell this leadership instead to insure he gets his money and OP doesn't run away with it.

I have absolutely no problem using zSerity as a middle man since it's the only option we have as he is to contact Omni about assigning a new group leader. I'll shot you a PM now to answer any questions you have.

If I would bid for this leadership I'd unfortunately lowball you and bid around \$700, otherwise have a great business.

I wouldnt even give 700. One of there past leaders tried selling me it and I told him I wasnt a fool and he told me he forgot that only a dumbass would buy it. He went as low as \$500 to try and get rid of it and I told him no again.

Good luck with your sale.

wellager - January 22, 2016, 10:01 am

I think zSerity's more than your average group leader, so I'd buy this if I were serious about leading a group (do bear in mind I'm ignorant as to what the hell this group is actually about)

Ginsum - January 23, 2016, 1:54 pm

I'll let this spot go today for \$700 BTC.

Price is staying at a firm \$950 for the leadership spot. I can only imagine raising the price to \$1000 if not sold within the month.

He just updated the price to \$950 it looks like. Still a good deal for this imo. Leaderspots should be selling anywhere from \$1k-\$1.5k.

reBELLYus - January 26, 2016, 11:29 am

Not a bad deal considering leadership spots go for \$1k-\$1.5k normally. Good luck Gin.

But it's been 20 days and nobody's even offered close to the 850 lol. Completely contradicting the law of demand is retarded.

Stop responding to people and focus on selling the position. Most of the folks responding are doing so to irritate you. It is working quite well.

The way these days groups are getting sold, I don't think somebody will buy group leadership for \$1k and the same goes to Nobility selling leadership spot.

Just an opinion.

zSerity isn't selling anytime soon I don't think. Even though when he was drunk he did offer the group to me for like 5k lol.
