SCAMMER: <https://hackforums.net/member.php?action=profile&uid=2966425>

He was selling Rs07 gp for 1-1.2 dollars pre mil, using this thread

<https://hackforums.net/showthread.php?tid=5108383>

Added him on skype : damihf

Firstly i asked him to link me his profile on hf and he did so:

Then i asked him if we could meet to prove he had the gp and he said no :

Then i negotiated to buy 5 mil of him :

Sorted out the prices then deletes me after i sent it:

Just making sure he does not get away with scamming again.
