Thread: [Scammed by YinYang | uid=2321860 | \\$200](#)

Sent him my CSGO knife. I went first obviously. He said PP was taking a while to load. Gave him like 10 minutes and he still didnt send the funds. Still waiting to receive them. Pretty sad that all these broke boys on HF scam for so little.

Alright thanks man. I seen his rep seen he had no negs so i decided to go first. I mean its not a real loss for em but id still like to get the item back plus let other know before they deal with him.

Yeah bud, hopefully he comes through and pays you though.

It appears to be a legit report. A bit unsuspecting from him but looks like a solid report.

Why would you go first to anyone with a CS GO item?

Because he has 0 negatives and all in all looks like a legit member?

YinYang would always post that he'd never go first because he was "trusted" on his threads. I can see why that was now.

Confused that out of all the knives he could have scammed for he scammed for this. I can only presume it was because this was the only seller that would trade without a MM.

Yeah, I would say your assumption is pretty accurate.

I mean. Like this past week I've sold so many knives on CS that if I lost this one it wasn't really a big deal. So that's also why I went first with the knife. Hopefully we can get this resolved
