Thread: [How to get payback for craigslist guy.](#)

.Reef - January 10, 2016, 1:47 pm

So I purchased something on craigslist and the guy totally fucked me. It was broken and he didn't say it. So I tried to call him and he blocked my number. Anyways I got it working and everything but I'm pissed he tried to rip me off. How can I get payback. I only know his phone number but I'm blocked.

Get the authorities involved in this!

Socrates???? - January 10, 2016, 1:49 pm

- 1) Order a bag of cat shit to his address.
- 2) Order a dildo to his house
- 3) Order a dildo under his name to his parents house
- 4) Eat him.

Just off the top of my head.

Buy an omegle/kik bot, make it act like you're a young girl looking to have relations with older men

and make it give his number.

FreeAnneFrank - January 10, 2016, 2:26 pm

Get some cheap ass SMS spammer and spam the shit out of his number. Also try doxing him using his number, and maybe his name?

Description - January 10, 2016, 2:27 pm

PM me his number ?

Murdock - January 10, 2016, 2:28 pm

A) Shit on his doorstep or B) Counter scam him. Find out what he want to buy and sell something broken to him.

Easy peasy.

Get him to click an ip logger, tell him you've got his IP address using a spoofed number and you're reporting him to the authorities.

Wizard - January 10, 2016, 5:17 pm
