Hey,

Looking for a FULL redesign done for my social media, if a website design can be done within the budget that would be awesome but not necessary

What i need done -

Overall(these can be used in all pages) -

Logo

Banner

Twitch -

CSGO/LoL/H1Z1 Overlays

Donation popup notification

Offline/Starting soon/BRB screens that can be shown in stream

Buttons for donate/pc specs/facebook/youtube etc for under stream

Logo/Banners for profile page

Youtube -

Banner and Logo

Twitter -

Banner/Logo and Background

Faceboook -

Banner/Logo

PM me for skype or let me know if you have any questions.
