What prestige are you guys and what camos have you unlocked?

I'm prestige 2 level 44 and I just unlocked Diamond for all shotguns. I'm 2 guns away from unlocking Diamond for all the SMGs :)

Prestige 1 Level 55.

If another Double XP weekend hits I'll prestige but I'm okay with where I'm at right now.

In terms of camos nothing like diamond but I have a lot of sick Blackmarket camos.

I'm currently 1st prestige level 55, with a 2.00 KDR & a 17 win loss ratio, I've bought around 110\$ worth of cod points, and I have 2-3 epic camo's on every gun in the game, I also have the almighty Wrench.

You're the type of guy I'd make fun of in a FFA lobby for being such a tryhard and buying COD Points.
