Thread: [How to get Playstation Emulator for iphone/ipod touch](#)

m4n1Ac - June 30, 2010, 4:55 pm

There's a playstation emulator for iphone/ipod touch it's called psx4iphone

to download it you do this:

1. Launch Cydia and wait until it's fully actualized.

[img]http://www.zodtttd.com/wiki/images/f/fd/Tuto-UseCydia-Img1.jpg[/img]

2. Search for the application you wish to install (psx4iphone)

[img]http://www.zodtttd.com/wiki/images/9/9f/Tuto-UseCydia-Img2.jpg[/img]

3. Scroll down to donate/download

[img]http://www.zodtttd.com/wiki/images/a/a0/Tuto-UseCydia-Img3.jpg[/img]

4. Choose an amount (from \$2.5 to \$15) or FREE

[img]http://www.zodtttd.com/wiki/images/c/c2/Tuto-UseCydia-Img4.jpg[/img]

5. Then click donate/download

6. if you chose FREE, you'll only see a 'Success' page, Come back to the application's page then tap on install.

Most of the credit for this tutorial should go to ZodTTD for creating the app

There's a free one somewhere else, and I posted this before along with the .bin file to make it go faster. (NOT 1001, the 1004 bin to make it got like 15x faster, normal speed of a PS.)

Mario - July 1, 2010, 10:27 pm

That is free. Read it lol :P

The one I got didn't have a donate and download.

m4n1Ac - July 2, 2010, 4:39 pm

cool? I don't see the how that matters, they are both free.

phybe? - July 3, 2010, 4:13 pm

Thank you for this. Are there any games worth playing?

Sorry dude, i only played Tony Hawks Pro Skater 1.

wicked01 - July 11, 2010, 5:02 pm

can u get any ps2 game on your iphone??? and does it have to have cydia :(.

shitsite - July 11, 2010, 5:06 pm

If you read the fucking post you would've seen.

wicked01 - July 13, 2010, 3:45 am

wowwww cool your jets pal its only one post,, i mean chill your beans ..?

greg33290 - July 17, 2010, 3:18 am

for use this app download the psx bios

These forums are for helping people. Not to shoot them down in flames. :-|

hence why people sign up, not to be abused for asking a question.

xXcurbXx - July 20, 2010, 2:05 pm

I had this app before. I downloaded ape escape for it, and when I found out ape escape wasn't compatible with it, I rage-uninstalled it lol.

m4n1Ac - July 20, 2010, 2:13 pm

There is a list of compatible games for psx4iphone here ---->

Phreak™ - July 20, 2010, 2:23 pm

Thanks Man Im Defiantly Going To Do This

m4n1Ac - July 20, 2010, 5:36 pm

No problem, I suggest looking at the list of compatible games before trying one.
