Thread: [FREE STEAM GAMES METHOD! - WITCHER 3 - FALLOUT 4 - MORE! \[\\$10\]](#)

Inserenity - January 13, 2016, 11:55 pm

Hey guys,

I am excited to be bringing a method to you guys on how to play any Steam game for free, legitimately, on your very own Steam account!

For just \$10 I will send you a well formatted step by step guide on how to perform this awesome method which I have been using for the past month.

The following games are able to be obtained -The Witcher 3: Wild Hunt

The Witcher 2

Fallout 4

Fallout: New Vegas

Fallout 3

Dark Souls

Dark Souls 2

Oblivion

Skyrim

Elder Scrolls Online

Dragon Age

Dragon Age 2

Starbound

x Rebirth

The process is quite simple, I am not sure how many other people know of this or if it is out there somewhere, but hopefully the members that receive the vouch copies can inform you!

I will be giving out 0/4 vouch copies to members I deem quite reputable. But beware, before you ask for a vouch copy know you much have enough money for the game you desire (although you will be getting this money back.)

This goes for everyone too - YOU MUST HAVE THE AMOUNT OF MONEY FOR THE GAME, YOU WILL GET THIS MONEY BACK BUT NEED IT TO BEGIN WITH!

Thank you very much, I hope to see some people interested in this awesome method!

Edit - Vouch copies were given to users: :Pirate:, Geass, Ruebentastic, The Suspect and Thornzzzz!

This is the first method/ebook I have seen in a while that is actually unique and genuine, although you are limited in the games you can play, the games are actually very good (fallout 4, skyrim)

The method is surprisingly easy and doesn't seem like something that could be patched either, it won't take any more than 15 minutes to pull off after you have played the game and isn't much of an exploit either.

There are no pictures or anything and it is only 1 page long, but that doesn't mean it's bad in any way. I can't really say anything else right now then buy it if you are wanting any of the listed games (like OP says you do need the correct amount of money for said game but you will always get it back)

I rate this method: 8/10

-2 points for limited game selection.

Geass Review:

The Method 5/10:

The method will work but the only problem is it will not remain at your steam account for ever thats why i gave 5/10 , you can re-do the method and get it back again repeating the method many times. All you need is to have money for the game as OP said but you get them back and you can play the game for as many hours as you want until you will need to re-do the method.

Ease of Use 10/10:

It is really easy to use it doesn't need any special skill and OP gives you everything you need for the method

Originality 10/10:

I haven't seen this method before so i can say its original, you may heard similar methods but this have few extra that OP provides

Overview 8/10:

Its worthy method and i recommend it for everyone that doesn't mind to re-do the method few times, you can complete the game and go to the next game you wish to play.

(Jan 14, 2016 04:32 AM)? Wrote: [\[CITE\]](#) Firstly thank you OP for the vouch copy.

This method is very unique I have never seen it done in this way before and is very easy to use. I have a feeling that Matchmaking won't work once this method is completed but I cannot confirm this as I got a single player game. The method won't be patched anytime soon and overall is worth trying. The OP also gives a detailed guide on how to complete the method.

Thanks,
?

This method is something new IMO
Doesn't involve charging back

Is this by any chance downloading the game installing it and using a No-Cd crack then requesting a refund from steam?

Thanks,
?

Nah it's not a known method I just made it up but I know it's possible as long as you don't play the game for longer than 2hours.

This method involves being able to bypass the 2 hour limit, giving you unlimited play time and then being able to then refund once you finish the game or get bored of it. :)

(Found this method out myself, and I can't find ANY info online about anything similar, so I believe as EliteAces said, this is something new)

Can i get a vouch copy? Am interested to review this for you, Thanks.

Any vouch copies left?

Is getting your money back guaranteed?

Any more games available for this do you know?

Thanks.

Correct, and I'll need to have a look but PM me any games you'd want and I can check.

And sorry looking for people with higher post counts and what not who are a bit more known around so people will see their vouches and know it is a legitimate product :)

EDIT: As stated in Geass's review below the games will not stay in your account, so you are not able to start a game shop with the method. But it's still great for personal use.

I received a vouch copy from Inserenity. I knew this method myself partly but Inserenity added something that makes it way better. I would personally vouch for this method and I'm going to use it myself.

For Inserenity, I think you should mention what payment methods you need to use the method.

As many times as your heart desires (only works with games I listed though) so you can do a final return once you have completed/get bored of the game you choose and go on to do it with another games or just keep your \$.
