Thread: [kik fake camera](#)

Duke Da Beast - January 15, 2016, 9:55 am

i havnt ewhored in a few months, im not sure how to get fake camera to work anymore
i reinstalled my OS a few weeks back so i dont have my old files

Pittinger - January 15, 2016, 10:50 am

Download BlueStacks. Do the registration process.

Search - Fake Camera. Download.

Done.

GanGBanGeR - January 15, 2016, 11:11 am

or download ghostkik many functions like fake camera are included

im using bluestacks, should i use my phone to ewhore with????

Pittinger - January 16, 2016, 9:42 am

Download the .apk and install it manually.
