Thread: [\[Help\] Where Can I Download SQLi Dumper v7?](#)

tycowinner - January 15, 2016, 3:32 pm

I was wondering if anyone could link me a version of SQLi Dumper v7 that would be amazing thanks! ?

talal33 - January 15, 2016, 10:59 pm

Hello

SKYPE: Mr 4rs4l4ne

SKYPE: Mr 4rs4l4neJudging by his -11 Rep, I wouldn't trust any downloads from him OP.

talal33 - January 16, 2016, 1:38 pm

-11 if u dnt know how scan files and sandbox them.
so GTFO

If u dnt know how to grab DNS from file, to see if thy're infected or not.

THEN, GO SUCK UR MOM TITS, KIDDY MENTALITY

Well searching "SQLi Dumper V7" on Google would gain you enough results? Even less tricky ones

Kabbalah - March 5, 2016, 2:02 am

SEEMS like all the sqli dumper on google have bacteria

Seems like you think your exclusive to site rules.

I will shit on you son. already in my scope, post better or I will respond.

I'm done...

Have bacteria? I've never heard someone refer to something being backdoored as "bacteria" this post literally made my morning. Thank you

i second that haha

Kabbalah - March 6, 2016, 6:29 pm

there's so much bacteria in hacking tools and not enough Antibiotics.

there's alot of bacteria at your backdoor not even the medicine man can help you .

ask (@rm@d@) how he get the cold and infected everybody around him

but still his hf friends cant help him because he have bacteria .
