Thread: [Gokukoku no Brynhildr](#)

Oliver Sykes - January 15, 2016, 7:33 pm

This is one of my favorite shows to date. Why? Well, I'm not really sure. I love the premise of witches having escaped and have extraordinary powers, but with limitations, and the idea of the pill makes the show more intense, I think. I also like that most of them have adverse effects from the Harness, but don't like the fact that none of them actually tried the one button on the harness. I mean, it just doesn't seem realistic (Yes, because everything else does). But yeah, I haven't seen it discussed here often, so eh. Has anyone seen/read it?

Question. - January 15, 2016, 7:49 pm

If you enjoyed Brynhildr, I recommend Elfen Lied, if you haven't seen it.

I enjoyed Brynhildr enough that I went and read the manga before the anime finished airing. I'm intending to go back and re-read it once the manga is complete.

Stashyy - January 15, 2016, 7:51 pm

Yes, I am currently reading this. I love the manga better than the anime though. ;)
Watch these if you haven't: Elfen Lied, Ushinawareta Mirai wo Motomete, and Btooom!

Oliver Sykes - January 15, 2016, 8:40 pm

Yeah, I meant to get around to reading it, but got caught up in schoolwork and the like. Thanks for the suggestions.

lynn okamoto has a thing with melting chicks i swear
on the otherhand he did it again and created a great manga
