I am also interested how you did this. Mind sharing it?

I like how you pretend to have uid 0 while probably having no idea what it even means

Wø1Fy - January 17, 2016, 10:06 am

Ø or (minuscule: ø) is a vowel and a letter used in the Danish, Norwegian, Faroese and Southern Sami languages and in the (now dead) language Old Swedish. It is mostly used as a representation of mid front rounded vowels, such as [ø] and [œ]
