Quote:In 1972, a popular student in Yomiyama North Middle School's class 3-3 named Misaki passed away during the school year. Since then, the town of Yomiyama has been shrouded by a fearful atmosphere, from the dark secrets hidden deep within.

Twenty-six years later, fifteen-year-old Koichi Sakakibara transfers into class 3-3 of Yomiyama North and soon after discovers that a strange, gloomy mood seems to hang over all the students. He also finds himself drawn to the mysterious, eyepatch-wearing student Mei Misaki; however, the rest of the class and the teachers seem to treat her like she doesn't exist. Paying no heed to warnings from everyone including Mei herself, Koichi begins to get closer not only to her, but also to the truth behind the gruesome phenomenon plaguing class 3-3 of Yomiyama North.

Based on Yukito Ayatsuji's popular supernatural mystery/thriller novel, Another follows Koichi, Mei, and their classmates as they are pulled into the enigma surrounding a series of inevitable, tragic events—but unraveling the horror of Yomiyama may just cost them the ultimate price.

Just finished Episode 3... What the fuck, this is the first time ever I'm legitimately scared when watching an Anime. Like, I hate horror movies and stuff, I even hate movies in the style of Final Destination since the deaths are horrible and totally uncalled for. I never thought I would be this scared when watching an Anime, but I can't stop watching it. It's a fucking animation, yet I'm still batshit scared. Is there any other Anime like that, or even worse?

Crya - January 17, 2016, 3:21 pm

Another wasn't that scary, but the end gets pretty crazy.

Seen this, towards the ending of the show is actually pretty creepy lol.

Spoiler ([Click to View](#)) Everyone starts going insane in the cabin and it's kind of disturbing

I liked it, wasn't scary imo, more creepy. Like shiki creepy

Deany - January 17, 2016, 3:27 pm

Probably one of the most memorable horrors i've watched.

Creepy is the same as scary for me. I really can't handle creepy stuff, nor can I handle extreme violence.

Shiki... It's on my Plan To Watch list and I was about to watch it when another Anime caught my attention beforehand. Is it also creepy/scary?

Yes, it's a very dark anime.

Pretty good anime. What gives it that creepy feel, in my opinion, is that amazing soundtrack. When it played during that elevator scene in the first episode :o

Aura - January 17, 2016, 4:07 pm

I'll keep Shiki in mind then.

And yes, the soundtrack is quite creepy. It's very loud and it makes you shake. I'm also watching it on my 50" TV so it's really like a scary movie for me.

Watch the OVA if you enjoyed the series , it's actually a prequel however came out after the show i believe it's a nice episode and explains things more. Nice little add-on.

Devixx - January 17, 2016, 5:01 pm

Oh wow this actually looks rather interesting, I might give it a go in about 10 or 20 minutes. I'll report back with my thoughts.

Delupara - January 17, 2016, 5:02 pm

Aura Is a pussy.

The end is amazing

I also recommend watching shiki if you enjoy Another. Very similar feel and again, a great soundtrack :)

I'll be starting Shiki tonight ?

Also, that fucking ending... I'll watch the Sequel/Prequel episode to see if I can find more answers to my questions there.

How the hell does Another scare you? o_o

Sure it's creepy but there's nothing about it that's scary.

Shiki is good, but not scary. I have yet to find an anime that is actually scary.

Horror doesn't necessarily mean scary.
