There's two types of proof:

- Fake proof

- Real proof

Going into an inbox with 3 gift cards is NOT proof of your earnings from ewhoring.

People need to start distinguishing.

Want to really prove it? Send me the KIK convo's where this went down. Feel free to black out ANYTHING that impedes your strategies. I just want to see what kind of a demi god would send 2 CONSECUTIVE GC'S WITHIN 30 SECONDS OF EACH OTHER LOL ? ? ?

But if you can't come up with the convo's all of a sudden, I understand. It's not like your lying was decent to start with ?

You do understand that Amazon gives you a box to put in a custom amount, right?

Who the fuck would send a \$50 then go back and buy a \$25? Is he an AUTISTIC tattoo artist?

He would have bought a \$75.

And Amazon would have held back one of those cards because they were coming from the same person very quickly. Every hear of the 24 hour hold limit?

Not to mention there is no one on earth who talks like that and agrees to pay \$100+ after 2 lines of text.

There's a million other minor holes that give you away upon closer inspection.

You're an idiot.

I pointed out more obvious flaws in your fraudulent scheme ALREADY.

The screenshots you sent were low res as far as your 'tattoo artist' was concerned.

Post your initial screenshot without the black scribbling, and the second screenshots, and his proof in high res plus a gif of you opening his emails and hovering over the confirmation numbers and the sender email (shouldn't take more than 5 min.) and i'd be HAPPY to show you 'a few errors'.

God do you call everyone on fake proof?
First you call me out then you call him out?

I streamed for you 2 days in a row, made \$227 last night and \$350 this night!

AND YET you still call fake on hf member.s

Hope you get rep fucked soon. Get fucking jealous.

then you say this:

"You fake some earnings -> You stream -> You surround yourself with skids who buy into this -> You get lucky."
Get outta here.

Jealous of what LOL? Of your couple hundred bucks made while SCAMMING?

HAHAHA!

I call it like it is. You're fake, you're a scammer. Diamond is just as full of shit. It's sad that these forums are filled with idiots like you and him.

If I were going to be jealous, i'd go after someone who can actually ewhore and doesn't sink so low as to scam people and ruin this game for everyone else. You know, someone who isn't a complete

moron ?

But hey, go ahead and keep on bringing me up. As if everyone needed ANOTHER reminder that your insecurity is as solid as your skull :P

You PM'D me like 20 times and wanted my approval, and now you've posted 2 bragging threads and need attention here too ???

I think ODIS is a mentally depraved person who needs a box of tampons a week and a reminder that scamming isn't something to be jealous off.

??????

Pathetic ;) Keep it up

No point even creating threads like this, if it's just clearly going to have that response. Why bother? Do you really want to spend your time trying to prove something is real, to kids online you'll never meet?
