Thread: [Struggling with verifications. LF pic/vid pack](#)

emmhör - January 19, 2016, 1:20 am

Hey I started a few days ago and I seem to lose the guys when they ask me for a verification pack.

2 fingers in the air. 3 fingers. middle finger. my name on you body.

So I need some kind of pack with some verifications and maybe some videos. Is it possible to fake "name on bodypart"?
