I bought a package on exitus.to booter (16th of jan)

But i didnt get activated

I opened a ticket no reply

Now still no reply, im not activated and they have deleted my tickets (19th of jan)

Proof Of Purchase

Members here will will even scam for a \$1. A report is a report regardless of the amount.

Edit: I just read the lack of proof on this report.

Thats no proof, I could say some shit like "nokia2mon2 scem me thats my proof!!!!" and in your logic it's a legit scam report

Just post screenshots of everything, PM's, why you think he deleted the ticket etc
