Thread: [Titan X](#)

zSerity - January 19, 2016, 3:47 pm

The beast has arrived, and yes I will be using this to power my Alienware laptop with the Alienware Graphic Amplifier. ?

Edit:

Contemplating opening it or selling :/
I DID get a pretty sweet deal.

minimalist - January 19, 2016, 3:48 pm

You're going to use Alienware's graphics amplifier with your laptop and this GPU? Post pics later, please, I've always wondered how it'd work.

Christian Louboutin - January 19, 2016, 3:48 pm

Nice man :o

but how you gonna use it on a laptop? :P

Doodlegod - January 19, 2016, 3:49 pm

I have dual Titan X's fam :)

Regulus - January 19, 2016, 3:49 pm

Damn man that's sick. I wish that some day I'll afford to buy a new Graphic Card.
the one I have now is, SHIT....

4K? Using my bro's pc atm he got 2 titan X and a 4k screen. Shit looks beautiful.

Vitani - January 20, 2016, 10:16 am

Wow that's pretty sweet. HMU if you want to sell this beauty OP. If you are not going to sell, enjoy it man :)

raid0 - January 20, 2016, 10:22 am

its a fucking beast man! personally, i'd have gone with a 980 ti, but hey who am i grats!

'Ben - January 20, 2016, 10:46 am

He is what you should do, sell that piece of shit laptop and with the cash build a decent rig to house that monster graphics card. ?

reBELLYus - January 20, 2016, 8:17 pm

I hope you are enjoying it. Have fun! ?

?Cyber - January 20, 2016, 8:19 pm

You should get another one, wink wink

I am self-employed ?

x2NaTe2x - January 20, 2016, 10:14 pm

Damn, sick bro. When I build my PC I will be getting a Titan X for it.

CocoaNut - January 21, 2016, 8:28 am

Haven't read thread but assuming some kids already ranted "SLI 980 MUCH BETTER STUPID"

I won't be lugging it around - the amp will stay on my desk and I'll detach my Laptop whenever I need to bring it somewhere which isn't often lol
