Thread: [Furry Help Desk -One Of Many-](#)

The OG FurFag ? - January 20, 2016, 5:54 am

During a thread I've been actively participating in, it got me thinking, there is quite a few furries here on HF. So. I figured, why not create a furry helpdesk? Since I already have one for vaping.

Anyways, I digress.

Feel free to ask any questions relating to furries!

What is a furry?

What is a fursuit?

What is a murrsuit?

Etc.

(I am aware this has been done before, but ya' know.)

Wø1Fy - January 20, 2016, 5:55 am

Illuminaughty, how would you sell the idea of being a furry to someone who's sceptical?

Philip J Fry - January 20, 2016, 11:39 am

What is a murrsuit?

I actually have never heard this before.

Mouse? - January 20, 2016, 11:41 am

You know Mouse is a furry right? Kek

Unless I'm being to serious to miss a double joke.

wellager - January 21, 2016, 4:39 am

Helpdesk? Like "oh shit, I'm a furry what do i do" kind of helpdesk?

I think there are tons of resources and past threads on HF that reply to most questions one could ask about this subject, making your thread obsolete

Why is Cat furry yiff so fucking rare compared to dog yiff

Like wtf is this!

I have no explanation for that. Personally I like wolf/fox yiff more then cat/dog. It's all about personal preference of the artists I think.

The opposite for me.

I wouldn't consider myself a furry, but my hentai usually gets mixed with yiff... So hey sometimes a man has question.

Like wtf is this!Because 99.99999% of furries are foxes and wolves and everyone else is just fodder and in denial of their canine ancestry. o. My ex-boyfriend was a snow leopard. That was the 4th feline fur I'd ever met, and this was after going to 6 furcons.

A murrsuit is a fursuit in which has the genital areas removed, mainly for the purpose of sexual intercourse.

I actually have never heard this before.
