Thread: [\[\\$2\] Effexion's Signature Shop - Cheap, Vouched and Fast. Only \\$2 BTC](#)

Effexion - January 20, 2016, 10:24 am

Trying to scrape cash in from anywhere lately (needs must) so I have decided to launch my own graphics service thread, and dirt cheap. I am by no means an expert, but I have made some pretty nice text sigs in the past and believe my work to be well worth \$2 a shot, but that's my price.

As the proverbial cherry on the proverbial cake; if you don't like the signature and don't use it, then you don't pay me. It's as easy as that, win-win.

I'll throw a quick example below and add more as -if- the thread grows a little.

He did my signature and avatar. I have to say, I'm very impressed at the artwork and how quickly he finished it, responded to my changes, then finished it again. I appreciate it greatly!

I will be back for more if I need anything else!
I haven't been able to apply it as I'm on my phone

Surely someone is wanting a very cheap signature?

GreyHatZone - January 26, 2016, 7:22 am

Can you make me a signature with a blueish/greenish text of my name with the shine on it?

If so I am intrested, PM your Bitcoin Adress.

Wow those designs are MIND BLOWING. I'll be buying 5-6 this week. Vouch for Effexion, this is a great service to take advantage of for much less than the price of a gram of weed that you all purchase daily.

Thanks for the vouch, Tando. Awesome to see how someone else compares values to weed too lol.
