Anyone? I have, I was young this was like 10 years ago when I meet Chris Benoit. Took a picture with him I think, he asked me for my name and stuff got an autograph (still wish I had it, shit be worth \$\$\$).

But yeah a few months after meeting him he killed his 6 year old son, killed his wife then hung himself. He was a nice guy, was a stock guy.

I've never meet a famous killer and I surely wouldn't want to have met them either.
