Thread: [Helping HQ Users \(\\$300~ in under an hour\)](#)

Doodlegod - January 21, 2016, 4:17 pm

I've just discovered a new way of achieving insanely dope earnings and made \$300 in under an hour (Amazon).

This is unknown to HF (to an extent) so I will not give this out publicly. If you want a shot at being taught by myself (No, it is not autopilot), post below or PM me for a quick response. I'm looking to help 3-4 others out.

I'd be willing to be taken under your wing, I'll even give you half of anything I make and will probably be doing it 17/7 (gimme 7 hours sleep) so you'll probably get a lot:)

I'll look into your account and see if I trust you with this. Otherwise, I'll be waiting on a few more.
