Thread: [\[10,000+ Followers an hour!\] Instagram Method \[Real Followers!\]](#)

gvng - January 21, 2016, 11:08 pm

Hello everyone, today I am selling 5 copies for \$75 BTC/Paypal each to an Instagram method that allows you to grow an Instagram page with real, primarily USA followers. I'm not here to post a fancy thread as i'm only going to be selling five copies of this method, no more, no less.

I am not offering a vouch copy however I am willing to sell the first of five copies at a discounted price of only \$50 BTC/Paypal.

What exactly am I buying from you?

I will personally coach you to help you understand this method as well as help you on TeamViewer/Join.me if need be to help with setup of this method.

What exactly can this method do for me?

This method allows you to gain thousands of real followers an hour. Realistically, when you start out with this method you may only get about 1,000 followers an hour through this method, however the possibilities are endless and if you become proficient with the method you could be gaining 10,000+ followers per hour that are ALL legitimate!

Do I need to invest in this method?

No! As long as you have a computer you do not NEED to invest to make this method work. A small investment of \$5-\$10 could, however, speed up the process of gaining more followers per hour earlier! The more you invest, the more you could get.

So what are you waiting for? Contact me today and get one of the five copies!

Any use of massplanner/followliker or similar bots? Shoutouts? Follow people in similar niche? Use comment/mentions spam?

"I am not offering a vouch copy however I am willing to sell the first of five copies at a discounted price of only \$50 BTC."

This seems legit.

No proof pictures, not willing to give out vouch copies, and a thread which took a few minutes to write.

Seems like you barely put any work into it, which usually means the method is bad, or that it doesn't exist.

Yurt - January 22, 2016, 12:30 am

I sent you a PM regarding this OP!

If you do not know what you are talking about, there is no need to bash my thread. If your post was constructive rather than negative I would take the time to give a meaningful reply, however there is no point for a post like yours. If you ever take the time to show me and my product some respect I will answer any questions you have that will not give away the method. ?

The account you would like to grow is not grown by following other users with it, shouting it out, or spamming comments from it or anything of the sort that could potentially cause it to be banned or anything of the sort.

theDuke - January 22, 2016, 12:35 am

Not possible for real followers without following others back or anything similar to that. I've had experience with social media for 10 years. If this is a legit method, I would like to see some proof.

The account you would like to grow is not grown by following other users with it, shouting it out, or spamming comments from it or anything of the sort that could potentially cause it to be banned or anything of the sort. It's pretty simple.

I feel like you wanna pull off a scam.

Why?

Because you're not willing to give out a vouch copy to a trusted member, and no. It doesn't have to be me, but just someone trusted in general.

It seems weird since you were willing to do it here:

<https://hackforums.net/showthread.php?tid=5133993&pid=49407336#pid49407336>

And since this method doesn't cost you anything to send, it may be you about to scam.

Prove me otherwise.

gvng - January 22, 2016, 12:37 am

I will be posting proof of this method after this Saturday. I am in no rush to sell copies right this second but I am taking all of your replies and PMs under consideration.

VIPSTATUS - January 22, 2016, 12:41 am

Just post the IG you've grown with this method. I'm interested in this if it's legit.

Call me a scammer all you want. Do not bash my sales when you have no basis. I have no problem with questions, I offer vouch copies for that service as it is free for me to give vouch copies. With this product, it may be free in terms of monetary value but I am not going to spend the time to teach this method to someone during my final exams when I do not need to. I am under no obligations to share this method for free. Now please stop bashing my sales thread, if you have any real questions feel free to ask them, if you wish to call me a scammer some more please do so over the private messaging system, your view is already publicly available in your earlier replies.

lean yung - January 22, 2016, 12:43 am

I'm not buying it if you're not giving out a vouch copy to a REPUTABLE member that can vouch for this. You don't have any proof of this working either, should have taken all of this into consideration before making a thread lol.

I will once I am done with my exams. Hopefully this Saturday I will be able to put some up.

As I have mentioned before I am under no obligation to give my method away for free. I will not be responding by to these anymore as they are pointless. I will be posting proof by this weekend.

Isidar - January 22, 2016, 4:13 am

I mean it's all well not giving a vouch copy. But it just looks a tad fishy you only take BTC. If you took PP, I'd have to qualms, but the fact it's only BTC makes me very suspicious.

However, I have no proof you're not legit, so good luck with sales.

Erotica - January 22, 2016, 4:23 am

Complete BS. Lets see on my account add 10k ill make a video like with my method and we compare them :). If you can't show proofs then this is a scam for sure.

frail - January 22, 2016, 4:46 am

Fiiiiishy as fuckkkkkk no vouches new member looking for 50\$btc

MiamiHeat - January 22, 2016, 4:51 am

Post a screenshot with an account that you've done this too. Surely you've spent at least a few hours on it and have an account with over 50k followers.

I love all the empty scammer accusations and i'm done replying to them, all i've had on my threads are scammer accusations when all I have are satisfied customers. Please keep this thread constructive at the very least, proof is coming.

Paypal added as a payment option, I will not be accepting it from every user.

Ayato - January 22, 2016, 12:43 pm

Once you've posted the proof I'll take consider it :) gl in the meantime.

1k an hour = 24k a day

10k an hour = 240k a day

not even the top theme'd accounts gain that much, they gain max 10-20k a day

Most celebs dont even gain that, unless on special occasions

This right here. Pretty much sums up my thoughts on this thread.

Lets be realisitc here, did I say right off the bat you would be making 10,000 an hour let alone 10,000 EVERY hour you do this?

No.

Did I say this is autopilot? Can you do this 24 hours straight?

No

Did I say you can potentially get 10,000+ followers in one hour?

Yes

?

MiamiHeat - January 22, 2016, 9:50 pm

the time it took you to write all these bullshit replies you could have uploaded a damn picture of you gaining 10k followers. I'm replying because I'm interested. Post a fucking picture so I can buy it if its legit. Jeez

If I knew I could do 10k an hour, I would do it for 24 hours, once a week + 1 more hour to do 250k a week

or 1mil a month I would probably do more... this doesnt sound realistic.
