Thread: [I'm trying to transform into a full time weaboo. Help me achieve that.](#)

So far, I have the things done:

Learned broken japanese through anime.

Watched a lot (and I mean a lot) of anime.

Have my dakimakura.

Am actually half japanese.

Greets everyone using stupid shit like "Ohio" and "Ore wa hountoni baka desu~"

Changed my profile picture and name to japanese.

Talk endlessly about the japanese culture.

Learn about the horrors of white collar labor in japan.

Learned about the decline of the Japanese Male Porn Actors and sent my CV to an agency.

Learn about how horrible it is ti actually learn and work in Japan.

Changed my traits to be more japanese like. Like, run while going to uni while having bread in my mouth.

Become an embarrassment to my friends and family. No, to the whole society.

So this is most of it, I still need a few more to transform into the weebiest weaboo in existence.

Become slightly overweight - Obtain toy lightsabers.

Upload youtube video with you flipping your hair with your hand complaining about how people disrespect japanese culture and anime. (Talk with a lisp)

Use a boob mousepad and have lights in your computer - buy a lifesize doll of that one chick from fate stay night.

there are a few more.

Quote:How about your body pillow full of dried cum? Ew, senpai. I'm trying to be a weaboo, not some filthy unhygienic brony.

Code The neckbeard?Asian genes prevents me from growing a proper beard.
