Thread: ([PPI/PPD](#)) Golden Niche + Perfect video + Perfect Website ([PPI/PPD](#))

Lo?r - January 22, 2016, 11:47 am

Hello guys I found a golden niche that will really make you a bank.. my video is in the 11th page and i made \$3 from it. You nearly get a conversion per click.
it has a video which is perfectly made. one of the best quality videos you will find.
and a website which is HTML 5 animated website which is above what you expect
and a perfect domain that is the (Keyword.domain)
Am looking to sell it for \$150 BTC
reason am selling: no longer know how to rank youtube videos.
I made over \$5,000 from CPA (Adworkmedia) and i used a golden niche just like this one + this one has more potential for sure.
