Thread: [Free Web Hosting // Free cPanel // MySQL & PHP Support](#)

[\$(5)\$] - January 24, 2016, 2:56 am

I am giving away a link to a site that currently is offering a small webhosting plan for free. No ads. Not a super well-known site (like SPAM, etc).

The specifications of the free hosting are -500mb disk space

5gb bandwidth

free cpanel

mysql support

php support

Let me know if you want this ?
