Quote:Shibuya, Japan, 2008. Takumi Nishijou, a high school student at the Private Suimei Academy, one day hears about the 'New Gen' murders that have been occurring around the city. Although dismissing the subject because it doesn't involve him, Takumi begins to experience strange mishaps around him, from a horrific picture he received while on his PC, to a mysterious Pink-Haired girl standing at a murder scene.

From there on Takumi struggles to cope with the events unfolding around him, and is soon unaware of what is real or a delusion. As his fate opens up before him, the perpetrator behind the 'New Gen' events attempts to find him, leading him into a world where nothing is as it seems.

MC of this anime is so annoying and turns down the whole series.

MC is much worse than kaneki from TG.

It's not exactly impressive to be worse than Kaneki.

Was pretty bad, but okay at the same time. It's one of those things, even if it's bad, you need to watch it ;_;

Sadly I'm 3 episodes in, and I just can't seem to be into it... I'll watch the whole season, but right now, it really isn't that good.

I stopped at 3 episodes and I'm currently watching Tenjou Tenge instead... I stopped watching it to go watch something that was released in 2004. Not really proud of myself on that but yeah you told me ?
