Thread: [re-shipping service, is it allowed](#)

Soccer - January 26, 2016, 4:48 pm

i can offer a re-shipping service. as in, if you buy something on Amazon or apple, and it is not available in your country, you can send it to me, and i will ship it to u for a fee

i will be against all illegal activates, and i will make sure the cusotmer is purchasing the item with their own account and money etc, bla bla

No, as there is no telling what is legit versus carded.

i dont think so, as back in the day when SEing was allowed people used these to get these types of things to deliver the packages.

im assuming since it was such a big part of the SEing section and Se got banned that went too?

idk for sure tho

I'm not sure if this is allowed, but if you do launch this I would suggest you be very careful of who you deal with.

Not allowed, as you can't verify if the product was obtained legally. Falls under these three restrictions in the [Help Docs](#) & threads:

Quote:Drop Shipping

Guides, threads, and services related to drop shipping will not be allowed on HF.

Quote:PID's and Call-Ins

As this is pure fraud we will not allow this type of discussion here. That includes ebooks, threads, sigs, and Marketplace sections. <https://hackforums.net/misc.php?action=help&hid=21>

I've listed the current section rules in the thread listing. It's very simple right now.

1. Investor requests not allowed.
2. Ebay partnerships not allowed.
3. Blackhat parters not allowed.<https://hackforums.net/showthread.php?tid=3669875>

Dropshipping & wholesale pickups are on all sorts of other forums, doing exactly what you want to do here. I don't have a definite answer, but I'm 99.99% sure that it's not allowed.

Not allowed.
