VirtualFrost - January 29, 2016, 5:30 am

Recently I had created a guide, I wanted to give back information to the community in which members could possibly find handy. Please remember when reading this, I am no professional. This is simply information users can use to possibly get some extra money. This is no 'quick' way of making money.

THIS REQUIRES AN INVESTMENT OF AT LEAST 0.01 BTC TO WORK!

If you'd like a copy, PM me or post below and I'll PM you.

DanteStigma - January 29, 2016, 11:14 am

This is yet another scam BTC investment. I've seen over 30 sites that ran for 3 months, worst are 10 - 20 days, and i saw aprilcoin being online for 2 month or so, it still was on but withdrawals were shutdown so, those who invest can, but those who wanted to withdraw, couldn't.

Same goes for bitcoin-income website, website was registered with too in UK gov website, which anyone can, so if u see that as 'proof' of being safe site, don't ever do it! BTC is screaming SCAM SCAM SCAM everywhere, if you're not aware what you're up with, you can end up being fucked up. I saw people investing like dumbass 5 BTC and lose it. If you're lucky, you might double that, but, high amount = big loss, small amount = greater chance of profit. Always, there is risk to lose!

DuguWudi - January 29, 2016, 11:30 am
