Vouch for an amazing product!

\$aTaN gave me a vouch copy and he delivered an amazing job!

It's not where you over a specific amount of viewers and the kind of disappear slowly when you paid for 2 hours as an example.

You get them full time, and that's really nice!

Be careful dealing with this guy. I just order with him and he gave me an account that multi shared with other people. This service he buys from this website twitch-viewerbot.com and then shares with other people, but what a lot dont understand that there only can be one single log in active at a time, so if someone logged in and send the viewers to his channel urs will disappear. He refused to refund me even tho i didn't even use it yet. He promised an account for me only but gave me the same as one he gave someone else. NOT recommended at all. My advice is to go buy directly from twitch-viewerbot.com they are a good company and i have delt with them before and they forbid sharing of accounts they will ban u if they figure u out. Better be safe than sorry.. (also he the account he gave me wasnt even had like only two weeks on it not a month)
