Thread: [pls recommend some anime](#)

bryanlucero - January 29, 2016, 7:51 am

im having trouble finding anime's. after watching 300+ series of anime's i feel like anime became boring. new anime's today is boring. for example

Musaigen no Phantom World - this anime is boring a.f the anime is all about BOOBS, BOOBS, and BOOBS...

Hai to Gensou no Grimgar - another boring anime. -.-

GATE S2 - not bad, this is a good anime.

Boku dake ga Inai Machi - the best anime i've ever seen in my whole life!!!

please comment the best anime that you've watched ? i will add it on a list then watch all of it, (even if the anime is old, or from 2013's something, pls add it ?)

It's anime not "anime's" and I agree with \$tash, just read some manga

if you like mecha you should probably try aldonah.zero

I'd give World Trigger a go if you haven't seen it already, it's seriously under rated in my opinion.

Vouch, dis what i do. There's so many amazing manga out there that haven't been made into an anime.

Have you seen Divine Gate yet? It's a new series, and there's only 4 episodes out but it's interesting so far.

If you've seen 300+ anime then you've probably seen everything that people will recommend here, and it doesn't help that you didn't link a list of what you've already seen on the off chance there is something to recommend that isn't on there.

For that, I'm not even gonna bother trying.

Sports Anime:

[Kuroko No Basket](#) (Finished Airing)

[Haikyuu](#) (Season 2 Airing)

[Baby Steps](#) (Finished Airing)

Even though I'm not into sports, these sport anime were awesome to watch.

Anything Supernatural (including shonen/seinen, magic, etc)

[Charlotte](#)

[One Punch Man](#)

[Nanatsu No Taizai](#)

[Magi](#)

[No Game No Life](#)

[Parasyte](#)

[Mahouka Koukou no Rettousei](#)

[Overlord](#)

You've probably seen the majority of these but whatever! Hopefully I suggested you at least one new anime.
