Thread: [Rust | Gmod | CS:GO Servers Need Admins/Mods](#)

Online Sir - January 29, 2016, 10:38 am

Hey guys,

I recently got 3 game servers, everything has been paid for advanced (many many months) and I am looking for anyone who wants to run the server etc.

Server location: LA

Servers:Rust

Garry's Mod

CS:GO

I am looking for mature and experienced people. I have teamspeak setup, will be working on a website. This is going to be a gamenetwork. All servers will be on the same website etc. Working on something good.

Message me on Skype (Webmaster.Joey)

Thanks

Is the Gmod server an RP server? If so, I'm pretty experienced at that, and I could help out as an Admin.
