Thread: [Posting in the Marketplace section](#)

Verizure - January 31, 2016, 5:11 am

Hello HF!

I have a small problem. I can't post in the Marketplace.

Do I need to be upgraded in order to post in that section?

Sorry if this is posted in the wrong section, I'm new here.

3 posts is not needed, do one and wait for a reply. You would need positive reputation to post in the market.

You need positive reputation to post in the marketplace. To PM somebody about a product, you need 50 posts, so you might as well go for 50 high-quality posts to earn reputation points.

You need at least 1 rep to post in the marketplace.

You only need 25 Posts to pm somebody if omni didn't change something.

We recommend you take the time to read the [HF Help Documents](#) section. The answer to your questions should be contained in there.
