Great site. Already started to earn a little from it. Owner is chill and is always willing to help you out with your issues.

It's stuck in Hotmail's Spam filter - it does that a lot, not sure how to bypass it either. Also, what does PTC stand for?

Thanks I have figured that out and I am going to try a few things to fix the problem. For now it works. PTC = Paid To Click meaning you get paid for each click you make to a video or someone ads.

Going on day 4 and I am hoping to hit 100+ members today. Just a update I will be adding a vault game to the site in a few hours so members can use there balance for a chance at cracking the vault and winning the jackpot.
