Out 2 Eat

What is this?

This is a simple E-Book that will allow you to go out anywhere to eat, for free.

How much is it?

This E-Book costs the low price of: \$10.00

Resale rights for this E-Book cost the low price of \$39.95

As of now, I will be selling only 10 copies, and giving ONE copy away for review

There is no premium package, as this is the premium package which includes live support, any future updates, and anything else that may need to be included in this E-book.

COPIES SOLD: 0/10

Payment method(s) accepted:Bitcoin

PayPal (from those I deem worthy)

Skype: skullpi

...will update thread accordingly, later

...more copies may be sold later

I can take the vouch copy if you want.

I will write a really good review if it works.

Are you giving away any vouch copy? I would like to do a review of this eBook!

Salty Hacking - January 31, 2016, 3:46 pm

Lmaoo My first thoughts of this thread but good luck with sales !

Opens Ebook..

1. Order food
2. Eat the food
3. leave.. & don't look back.. "In desperate situations" (Act like you're going to your car!)

eat for Free ?

Edit: If that vouch copy is still available I'd be glad to read it and give a review ?
