I'll do my best to give you the best possible opinion and everyone knows I hate shitty eBooks. :)

Layout:

This one is always good to comment on. Personally I believe this is subjective. I don't need a fancy PDF, some people do. The format might be different for you, I received one picture / screenshot but frankly that's all I needed.

Method:

Method is some what unique. Mix of public and own knowledge. As far as I know, this exact method isn't out anywhere else. I would say the legality is gray hat, depending on your morals but it's

nothing that would get you in trouble, it's not SE. It's a very straight forward method, simple repeatable steps.

Price:

\$5 is just about right. You'll make your money back (in subs of course) within an hour. You'll have access to unlimited 6" subs so you could even sell the gift cards here or in real life. £1/\$1 / sub? Who's turning down that offer.

Seems like it's going to working for a looong time.

If you're not sure if it works in Canada, give me a vouch copy and I'll test it ?

Is it completely free? ie, no investment? I really don't see anyway for this to work legitimately.

Is this only valid for the 6 inch op?

Just gonna leave that there. Bought this eBook and wasted \$5 when the stores already tell you about this. How do you even sell this, it's a promotion that they're doing, it's like a coupon lol.

Does this work in Norway? Please don't say it is the method Altix is saying it is.

Does this work in Wales, United Kingdom? Also would it work with the same people in the same shop everyday? There's a subway in my college.

Yes, this works world wide! You may not do it with the same person every single day.
